

**Notice of Critical Status
For
International Association of Machinists Motor City Pension Fund**

This is to inform you that on July 27, 2011 the Plan Actuary certified to the U.S. Department of the Treasury and to the Plan Sponsor that the Plan is in critical status for the plan year beginning July 1, 2011. Federal law requires that you receive this notice. In the future you will receive an annual update of this status and the progress the Plan is making towards the goals described below.

Critical Status

The Plan is still considered to be in critical status because it is projected to satisfy the following:

Projected accumulated funding deficiency within the current or next 9 plan years

The Plan's actuary projects that, if no further action is taken, the Plan will have an accumulated funding deficiency (after recognizing any amortization extensions) for the plan year ending June 30, 2011. Note, "accumulated funding deficiency" means that contributions would be insufficient to satisfy Federal requirements; it does not mean that the Fund would become bankrupt or run out of money.

As required by law, the Plan Actuary's certification includes only contribution rate increases that have been codified in collective bargaining or participation agreements.

Rehabilitation Plan and Possibility of Reduction in Benefits

Federal law requires pension plans in critical status to adopt a rehabilitation plan aimed at restoring the financial health of the Plan. The rehabilitation period began on July 1, 2010 and ends on June 30, 2031. The law permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a rehabilitation plan. The Trustees have adopted a rehabilitation plan that includes changes in the plan's adjustable benefits. The plan's adjustable benefits include the following:

- 60-month payment guarantees;
- Disability benefits (if not yet in pay status);
- Early retirement benefits or subsidies;
- Post-retirement death benefits.

As of January 1, 2009, certain benefits were reduced pursuant to the rehabilitation plan, and you were mailed a notice of these reductions on October 29, 2008. The reductions only apply to participants and beneficiaries whose benefit commencement date is on or after January 1, 2009.

Additional Restriction Due to Critical Status

Effective as of October 29, 2008, the Plan is not permitted to pay any lump sum benefits (or any other payment in excess of the monthly amount paid under a single life annuity) while it is in critical status.

Future Experience and Possible Adjustments

The rehabilitation plan is based on a number of assumptions about future experience and may need to be adjusted in the future if such assumptions are not met. Additional contribution rate increases and/or reductions in the rate at which benefits are earned may be needed if the Fund were to suffer asset returns below the expected 8.00% (in the 2011-12 plan year or later), a drop in the weeks worked, or poor experience from other sources. If, at some point in time, the Trustees determine that further adjustments are necessary, you will receive a separate notice identifying and explaining the effect of those changes.

Where to Get More Information

You have a right to receive a copy of the rehabilitation plan. It has been formally approved by the bargaining parties and is available. The first formal update to the rehabilitation plan was delayed by election of legislative relief. The plan will be updated in 2011. To receive a copy, you may contact the Plan Administrator at 700 Tower Drive, Suite 300, Troy, MI 48098-2808 or by telephone at (248) 641-4951.
