

## Notice of Critical Status For

### **LOCAL 18 INTERNATIONAL UNION OF POLICE & PROTECTION EMPLOYEES - I.S.O.P.G.U. PENSION PLAN Plan No. 004 EIN 13-6266867**

This is to inform you that on **March 31, 2011** the plan actuary certified to the U.S. Department of the Treasury, and also to the plan sponsor, that the Plan is in critical status for the Plan Year beginning **January 1, 2011**. Federal law requires that you receive this notice.

#### **Critical Status**

The Plan is considered to be in critical status because it has funding or liquidity problems, or both. More specifically, the Plan's actuary determined that the Plan has an accumulated funding deficiency for the current Plan Year.

#### **Rehabilitation Plan**

Federal law requires pension plans in critical status to adopt a rehabilitation plan aimed at restoring the financial health of the plan. This is the fourth year the Plan has been in critical status. The law permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a rehabilitation plan. On April 30, 2008, you were notified that as of March 31, 2008 the plan is not permitted to pay lump sum benefits (or any other payment in excess of the monthly amount paid under a single life annuity) while it is in critical status. If the trustees of the plan determine that further benefit reductions are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reductions. Any reduction of adjustable benefits (as described below) will not reduce the level of a participant's basic benefit payable at normal retirement. In addition, the reductions may only apply to participants and beneficiaries whose benefit commencement date is on or after April 30, 2008.

In 2010, the bargaining parties agreed to an increase in contributions effective January 1, 2011 to be made to the plan by its one remaining contributing employer. As a result of the increase in contributions as well as recent favorable investment performance by the plan's asset fund, the plan is now projected to be able to continue to pay benefits for more than 20 years.

#### **Adjustable Benefits**

The plan offers the following adjustable benefits which may be reduced or eliminated as part of any changes to the rehabilitation plan the pension plan may adopt:

- Disability benefits (if not yet in pay status);
- Early retirement benefit or retirement-type subsidy; and
- Pre-retirement death benefits.
