**CRITICAL STATUS NOTICE  
Sheet Metal Workers Local Pension Fund**

This is to inform you that on July 29, 2015 the Plan Actuary certified to the U.S. Department of the Treasury and to the Plan Sponsor that the Plan is in critical status for the plan year beginning May 1, 2015. Federal law requires that you receive this notice. In the future you will receive an annual update of this status and the progress the Plan is making towards the goals described below.

**Critical Status**

The Plan is considered to be in critical status because it is projected to satisfy the following:

**Projected accumulated funding deficiency within the current or next 9 plan years**

The Plan's actuary determined that the Plan's funded percentage is 56.8% on May 1, 2015. The "funded percentage" is the fraction of earned benefits that could be funded with existing Fund assets. The Plan's actuary also projects that, if no further action is taken, the Plan will have an accumulated funding deficiency for the plan year ending April 30, 2016. Note, "accumulated funding deficiency" means that contributions would be insufficient to satisfy Federal requirements; it does not mean that the Fund would become bankrupt or run out of money.

As required by law, the Plan Actuary's certification includes only contribution rate increases that have been codified in collective bargaining or participation agreements.

**Rehabilitation Plan and Possibility of Reduction in Benefits**

Federal law requires pension plans in critical status to adopt a rehabilitation plan aimed at restoring the financial health of the Plan. A rehabilitation plan may involve reductions to future benefit accruals, increases to contribution rates, or both. The law also permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a rehabilitation plan. You have already received notice of benefit reductions that were effective in 2009 and 2013. If the Trustees of the Plan determine that additional benefit reductions are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reductions. But you should know that whether or not the Plan reduces adjustable benefits, the Plan is not permitted to pay any lump sum benefits (or any other payment in excess of the monthly amount paid under a single life annuity) while it is in critical status.

**Future Experience and Possible Adjustments**

The rehabilitation plan will be based on a number of assumptions about future experience and may need to be adjusted in the future if such assumptions are not met. Additional contribution rate increases and/or reductions in the rate at which benefits are earned may be needed if the Fund were to suffer asset returns below the expected 8.00% (in the 2015-2016 plan year or later), a drop in the hours worked, or poor experience from other sources. If, at some point in time, the Trustees determine that further adjustments are necessary, you will receive a separate notice identifying and explaining the effect of those changes.

**Where to Get More Information**

You have a right to receive a copy of the rehabilitation plan and any updates to the Plan. To receive a copy, you may contact the Plan Administrator at 700 Tower Drive, Suite 300, Troy, Michigan 48098 or by telephone at (248) 813-9800.
