Subject: Comment in support of RIN 1210-AB30

April 24, 2010

I am writing to support the interim final rule under the Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (RIN 1210-AB30).

Mental health is every bit as important to our well-being as physical health and a disorder in our mental health deserves to be treated with the same urgency and seriousness. Therefore, I support the strong rule that would forbid insurance companies from treating expenses for mental health treatment differently than they would for other physical health care care. Thank you for ensuring that mental health care and physical health care coverage are included in a single deductible.

Sincerely,

Gregory King
