General Comment

We the people are smarter than you think we know what reality is we live it everyday. With higher taxes.I know I will never be able to retire because of poor decisions that you the government makes and we the people have to pay for .leave the decisions to us not you.you the government is so far from reality it's sad from not doing your jobs in congress and the Senate tells me how far off you are.that's why you can't make desitions for me.if I don't do my job I'm fired you don't do yours you should be fired.not happy with you.there are millions like me.
