President Obama wants to make it hard for you to retire! The Department of Labor is starting to enact regulations that would restrict how you use your own money for your retirement. Obama and his cronies believe you aren't smart enough to plan for your retirement. This is the epitome of the progressive nanny state mentality.

President Obama and the progressives want to control what we eat, how much we make, our health care, and NOW our retirement. If you've invested in a 401K or an IRA, you will be affected!

I am writing to let you know that I am fighting to protect MY retirement. DOL, I am intelligent enough to plan for my own retirement. Keep your hands off!

Stop trying to control our retirement. We've spent our lives working towards our retirement. A government bureaucrat should not get in the way of that. President Obama's DOL, "I'm smart" in case you didn't know that. I can handle my own affairs. In fact, millions of Americans are "smart" enough to handle their own affairs. It's crucial that President Obama and his progressive pals are kept from controlling our retirement. We've spent our lives working towards our retirement. A government bureaucrat should not get in the way of that.

I don't need or want any help from President Obama or his DOL. This is personal, and you are trying to invade our privacy. "I'm smart enough to plan for my own retirement!"

Lets make freedom work.
