## General Comment

It is time to get the government out of private savings vehicles. People save for years to have a good retirement and to not have to depend on anyone but themselves as much as possible. All the politicians want to do is spend money and they will get it where ever they can. It is not even their own money. They will retire with thousands and thousands of dollars and even be entitled to COLA each year. And depending on who you are, you may get millions. All on the taxpayers dime!!! You have no money worries. You don't even have to use Obamacare!!! LEAVE THE TAXPAYER ALONE!!!!
