General Comment

Hi I just want to say that the Gov. needs to stay out of my pockets and life. I am a law abiding citizen and can and do govern myself by just being a good person and responsible for what I do and say. I am governed by my morals and not a bunch of laws that want to restrict my choices--especially in money management, retirement, safety, gun control, ect. This Gov. wants to control all in my life and they just need to look to themselves 1st- How in the heck do they think they can control my savings and retirement when they can not control their spending from the taxes-- They do not know how to control themselves ---they do not need to control me!!!
