General Comment

This is another government program and I don't want any part of it. I don't need the governments help with saving and planning for my retirement. If anything, I'll get a better return and be able to use MY money in the ways that most benefit me by having government completely removed from the process entirely.

I'd rather not contribute to SS at all any longer. It's money I'll never see and it's used inappropriately time and time again by our elected officials. Anyone voting for programs, bills and legislation that does anything other than remove the government from my retirement and savings planning will not get my vote ever again.
