I am an individual investor. Please do not adopt DOL's proposed rule limiting my ability to trade listed options in an IRA. Why do you want to prevent me from making investment choices on my own? What is your basis for assuming that options are inherently unwise choices for an IRA? Why is an option worse than buying or selling a stock? Please do not assume that your evaluation of desirable investments is superior to that of the hundreds of thousands of individuals making decisions each day for the financial well-being of themselves and their families.

Thank you.

Roger Klein
