Subject: STOP the Fiduciary Rule

I am an financial representative and licensed in multiple states to conduct insurance to over 500 clients. I am series 6 licensed so this rule will not effect my business. However this is simply another attempt of building more government control of our lives. Big government ends up costing money and putting more middle class America at a financial disadvantage.

The insurance industry is already highly regulated and has had by far a better track record of integrity than any other financial industry.

This is simply a move by the liberal administration to build more government control and more government jobs.

In God We Trust,

Frederic H. Schilling
President
