Dear committee,

As a State Farm agent who lives and works in a small town who assists with the insurance and financial concerns of the general public, I am greatly concerned that the listed proposed rule would adversely affect my towns people. Most of my towns people do not have the funds or knowledge to save or invest for their future needs, much less retirement. Restricting knowledge and accessibility to prudent investments would only aggravate their financial conditions .

Respectfully submitted,

Nancy A Field,

State Farm agent of Soldotna, Alaska
