Organization: individual

General Comment

I would like to comment on the new Patients' Bill of Rights under the Patient Protection and Affordable Care Act.

I am in favor of this Bill of Rights because the regulations will prohibit discrimination based on pre-existing conditions for children; ban lifetime limits on coverage, as well as place restrictions on annual limits; forbid unfair rescissions of coverage; restrict cost-sharing for emergency services; and put into place many other patient protections.

Thank you for your time and consideration.
