Subject: Thank you for supporting birth control access for all women

Dear Kathleen Sebelius, Secretary of Health & Human Services,

Thank you for making birth control free and available to women who want it. I hope that you will not have a religious exemption because women should not be held subject to the values of their employer. Please provide free access to all women. But, great job overall! I am a huge fan of the health care bill and thank all the Democrats who voted for it.

Sincerely,
