Subject: Thank you for supporting birth control access for all women

Date: Tuesday, August 02, 2011 9:02:05 PM

Dear Kathleen Sebelius, Secretary of Health & Human Services,

I live in the North Country of Mew York state where access to ANY health care is difficult. We do have a Planned Parenthood affiliate which offers excellent affordable reproductive care to women and men including abortion services. I am so proud of the brave staff and providers who value good health for all. Thank you!!!

I commend the Department of Health & Human Services' landmark decision requiring health insurers to cover the full cost of contraception, with no co-pay, beginning in August 2012.

This policy places a much-needed importance on women's health that is too-often not a priority in health care policy. Birth control is a critical part of preventive care, and making contraception available to all women, regardless of their insurance or ability to pay for it, will significantly reduce long-term health care costs associated with unplanned pregnancies.

Thank you for prioritizing women's basic health care needs.

Sincerely,

Patricia Bentley
