To Whom It May Concern:

I am writing today to ask that you rescind the unjust and coercive mandate that all "contraceptives" and sterilization procedures be covered by private health insurance with no co-pay to patients.

If you do not reverse course I ask you to expand conscience protections for any organizations that provide individual and group insurance and have moral or religious objections.

I strongly oppose the government forcing free insurance coverage on Americans especially for drugs and devices that I oppose because some of these can cause an abortion (such as ella and Plan B).

Please protect the conscience rights of insurers, providers and people like me who object to being forced by the federal government to offer or subsidize contraceptives and sterilization services.

Sincerely,
dan flemming
