Phone: 310-396-2109

General Comment

To Whom It May Concern:

I would strongly prefer that the Health Resources and Services Administration Guidelines include contraceptive services for *all* women. Also, this requirement should be binding on all group health plans and health issuers with no religious exemption. Religious employers should not have special privileges or be able to deny employees benefits given to those who work for secular employers.

Thank you for your consideration.

David Abramis
