Subject: Don't deny contraceptive coverage to any woman!
Date: Thursday, September 22, 2011 1:49:35 PM

Please remove the proposed religious employer refusal provision from your Women's Preventive Services rule.

Employers should not be able to deny a woman this coverage. Medical experts agree that this preventive health care is necessary for all women and that contraception is preventive care. Religious employers should not be given the power to leave contraceptive coverage out of their insurance plans because it will exclude some women from getting the care they need to be healthy, have healthy pregnancies and have healthy babies. Let a woman make her own decision – she knows her body and beliefs better than her bosses do!
