General Comment

We do not need contraceptive or abortion in the health care act.

Do to the lost of thousand of unborn we will not have the further doctors, tax payers to support the aging population. our founding father included God in our declaration of independences because they came to the United States to be able to practice their faith. The government is getting involved in to many issues that should be the responsibility of the people, making the people weak. People need to take responsibility for themselves and the government needs to pull themselves together and create a stronger US.
