Phone: 571-212-5077

Organization: Long & Foster Real Estate

General Comment

As a realtor who has been working on a full time basis , the costs of monthly healthcare premiums are exorbitant. Just alone this year my premium increased by 200 . Dollars . This is crazy , especially when Im perfectly healthy with no claims . I just dont understand why this is , other than just a racket .

Its long overdue that theres should be something in place that makes it more affordable through a group plan . Many of my colleagues talk of just dropping their coverage altogether because its crippling in comparison to other monthly expenses. I think there are a lot of people who have opted out already just because its not affordable and take their chances on not getting sick .

Its insane that a country as rich as the USA has such expensive health options for its citizens - there is nothing more important as we know but we continue to fall flat on our face on this issue
