Yes my husband and I are farmers! We basically work for health insurance! The deductible is sky high and there is no way we could ever meet it! We don't even go to doctors now rather we are sick or not! The cost is so unbelievably high! When we were in the group insurance with 3 kids it was less with better coverage! I do urge you pple to get our group back ... my husband and I are healthy but the as for farming it is terrible! We get nothing for our milk and we work harder now then we did 30 years ago and getting paid the same as we did 30 years ago! Something has to give! Please I want my group insurance back! Please
