## **General Comment**

As a pensioner I believe the main objective for fund managers is to ensure fund performance is guided by the principle that maximises shareholder return. That is their fiduciary duty. Nothing more nothing less. To divert funds from shareholder accounts for political whims is a misappropriation of the money I have worked for, saved, and invested for over 50 years. Please protect my investments from those who would use it for purposes other than those for which I intended.
