Financial Factors in Selecting Plan Investments

Document: EBSA-2020-0004-DRAFT-0239
Comment on FR Doc # 2020-13705

Submitter Information

Name: Lorraine Hall

General Comment

Participants should be able to choose from a selection of investments and not be forced into investments against their personal principals. Those choices should be clearly documented with statistical returns to enable informed choice. The highest return is not always the best choice for an individual. I have personally invested in socially responsible funds since 1982 and it served me well. Restrictions like this will erode personal freedom of choice.
