General Comment

All:

I am writing to express my support for the Department of Labor's (DOL) proposal to limit Environmental Social Governance (ESG) vehicles.

Because I contribute to retirement savings through my employers, I am limited to the funds offered through the investment groups associated with my employer. I seek to find funds that do not have ESG vehicles, but have ended up settling for funds that have the least ESG vehicles.

This proposal would enable me to choose the best financial investments with much less concern for investments that are driven by non-financial (political, social) considerations.

Very respectfully,

Gerald
