## General Comment

Why does this government have to interfere with our retirement? We have worked hard and saved just to have it invested in things we are not interested in?

Leave our retirement alone. We are already going to get an increase in what we pay while illegals are getting big checks for breaking our laws.

I don't know how you sleep at night. A lot of Seniors receive under \$800 a month. It seems like we are being punished while the non citizens are being enriched. It's like they won the lottery. Meanwhile the people who have worked hard all their lives get to pay more in every area.

How does that work your job is to protect America not people who have done nothing to earn what they are receiving.

It is time to stand up for the retiree's in this Country.
