General Comment

Please leave everyone's social security alone. Making unnecessary changes can put a lot seniors on the street. This will create a huger homeless situation then we are already in. Our seniors work hard all there lives and they don't deserve this. I soon will be able to collect my social security and this will be something that I as well worked hard for. My mom reqlys on her social security to live and so do many others who do not get a pension of some sort. Social security was put in place for a reason and was not to be messed with.
