CLERK'S NOTE

This committee print provides a compilation of the enacted text and applicable explanatory material for the Consolidated Appropriations Act, 2008 (H.R. 2764; P.L. 110–161).

The Consolidated Appropriations Act was developed through a legislative procedure referred to as "amendments between the Houses". The House of Representatives took up an appropriations bill that had been passed by both the House and the Senate (the State, Foreign Operations Appropriations Act, H.R. 2764) and replaced the entire Senate-passed text with an 11-division consolidated appropriations package covering all regular annual appropriations bills except the Defense Appropriations Act (which had already been enacted separately).¹ The Senate then agreed to this House amendment,² thereby completing congressional action on divisions A through K of the final Consolidated Appropriations Act.

The House also added a second amendment to H.R. 2764, inserting a division L making supplemental appropriations for the Department of Defense.³ The Senate adopted a substitute for that amendment⁴ and the House subsequently agreed to that substitute,⁵ resolving the remaining difference between the House and the Senate versions of H.R. 2764. The President signed the legislation on December 26, 2007 and it became Public Law 110–161.

As directed by the House of Representatives,⁶ Mr. Obey, Chairman of the House Appropriations Committee, filed an Explanatory Statement in the Congressional Record of December 17, 2007 covering the legislation contained in divisions A through K of the Consolidated Appropriations Act.⁷ The Explanatory Statement was provided to the House Rules Committee the previous evening and its full text

¹On December 17, 2007, Chairman Obey moved that the House concur in the amendment of the Senate to H.R. 2764 with two House amendments printed in House Report 110-497 (see Congressional Record, December 17, 2007, pages H15516-25 and H15528-15726). The rule providing for consideration of this motion (H. Res. 878) directed that separate votes be taken on each of the two amendments. The first amendment, substituting divisions A through K of the Consolidated Appropriations Act for the Senate-passed version of H.R. 2764, was agreed to by a vote of 253 yeas to 154 nays with 1 voting "present" (Roll No. 1171). The second amendment, adding a division L containing supplemental appropriations for the Department of Defense, was agreed to by a vote of 206 yeas to 201 nays (Roll No. 1172).

² On December 18, the Senate concurred in House amendment No. 1 to the Senate amendment to H.R. 2764, by a vote of 76 yeas to 17 nays with 1 voting "present" (Vote No. 441) (see *Congressional Record*, December 18, 2007, pages S15830–34 and S15843–88).

³This is the second House amendment referred to in footnote 1 above.

³This is the second House amendment referred to in footnote 1 above. ⁴On December 18, the Senate agreed to a motion by Senator McConnell to concur in House amendment No. 2 with a further Senate amendment (see *Congressional Record*, December 18, 2007, pages S15844–45 and S15860–61). The motion was agreed to by a vote of 70 yeas to 25 nays (Vote No. 439). ⁵On December 19, the House agreed to the Senate amendment to House amendment No. 2 to the Senate amendment to H.R. 2764 (see *Congressional Record*, December 19, 2007, pages H16860–64, H16887–89, H16901–13). The vote was 272 yeas to 142 nays (Roll No. 1186).

was made available to Members of Congress and the public on the Rules Committee website by early morning on December 17.

Section 4 of the Consolidated Act provides that this Explanatory Statement "shall have the same effect with respect to the allocation of funds and implementation of divisions A through K of this Act as if it were a joint explanatory statement of a committee of conference". The text of the Explanatory Statement is reproduced in full in this committee print.

For the convenience of users, this print is organized according to the 12 divisions of the Consolidated Appropriations Act, with the legislative text of each division paired with the applicable portion of the Explanatory Statement. Provisions Applying to all Divisions of the Consolidated Act

PROVISIONS APPLYING TO ALL DIVISIONS OF CONSOLIDATED ACT

[CLERK'S NOTE: Reproduced below are the introductory paragraphs of the "Explanatory Statement Submitted by Mr. Obey, Chairman of the House Committee on Appropriations, Regarding the Consolidated Appropriations Amendment of the House of Representatives to the Senate Amendment to H.R. 2764".]

EXPLANATORY STATEMENT

EXPLANATORY STATEMENT SUBMITTED BY MR. OBEY, CHAIRMAN OF THE HOUSE COMMITTEE ON APPROPRIA-TIONS, REGARDING THE CONSOLIDATED APPROPRIA-TIONS AMENDMENT OF THE HOUSE OF REPRESENTA-TIVES TO THE SENATE AMENDMENT TO H.R. 2764

Following is an explanation of the amendment of the House of Representatives (relating to consolidated appropriations for fiscal year 2008) to the amendment of the Senate to H.R. 2764, the State, Foreign Operations, and Related Programs Appropriations Act, 2008, including disclosure of congressional earmarks and congressionally directed spending items as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate.

Section 4 of the House amendment specifies that this explanatory statement shall have the same effect with respect to the allocation of funds and implementation of this Consolidated Appropriations Act as if it were a joint explanatory statement of a committee of conference.

In this statement, the provisions of the House amendment to the Senate amendment are generally referred to as "the amended bill". Where comparisons are made to House and Senate action, unless otherwise stated these comparisons are to the versions of the applicable 2008 Appropriations Act as passed by the House and as passed by the Senate (or as reported by the Senate Committee on Appropriations, in the case of bills that have not been passed by the Senate).

The House amendment strikes the text of the Senate amendment and inserts a Consolidated Appropriations Act covering 11 regular appropriations bills, each in a separate division, as follows:

• Division A—Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2008;

• Division B—Commerce, Justice, Science, and Related Agencies Appropriations Act, 2008;

• Division C—Energy and Water Development and Related Agencies Appropriations Act, 2008;

• Division D—Financial Services and General Government Appropriations Act, 2008;

• Division E-Department of Homeland Security Appropriations Act, 2008;

• Division F-Department of the Interior, Environment, and Related Agencies Appropriations Act, 2008;

• Division G-Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2008;

• Division H-Legislative Branch Appropriations Act, 2008;

• Division I-Military Construction and Veterans Affairs

and Related Agencies Appropriations Act, 2008;
Division J—Department of State, Foreign Operations and Related Programs Appropriations Act, 2008;

• Division K-Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, 2008.

Section 1 of the amended bill provides that the bill as a whole may be referred to as the Consolidated Appropriations Act, 2008. Section 3 states that, unless expressly provided otherwise, any reference to "this Act" contained in any division of the amended bill shall be treated as referring only to the provisions of that division. Section 5 contains an emergency designation (for purposes of sec-tion 204 of S. Con. Res 21, the concurrent resolution on the budget for fiscal year 2008) which applies to certain appropriations within the divisions of the Act that make reference to section 5.

The amendment discussed in the Explanatory Statement was agreed to without change by both the House of Representatives and the Senate. Therefore, the "amended bill" referred to in the Statement is the same as the legislation that has been signed into law.

Section 4 of the Consolidated Appropriations Act provides that this Explanatory Statement "shall have the same effect with respect to the allocation of funds and implementation of divisions A through K of this Act as if it were a joint explanatory statement of a committee of conference".]

EXPLANATORY STATEMENT, DIVISION G

DIVISION G—LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES APPROPRIATIONS, 2008

Following is an explanation of the effects of this division of the House amendment to the Senate amendment to H.R. 2764 (hereafter referred to as "the amended bill") relative to the versions of the Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2008 (H.R. 3043 and S. 1710) passed by the House of Representatives and the Senate.

Funds for the individual programs and activities within the accounts in this Act are displayed in the detailed table at the end of the explanatory statement for this Act. Funding levels that are not displayed in the detailed table are identified in this explanatory statement.

Funding levels specified in the explanatory statement do not reflect the across-the-board reduction that applies to each program, project or activity excluding the Pell Grant Program, pursuant to section 528. The detailed table at the end of this explanatory statement displays estimates of how this across-the-board reduction will be applied to major programs, projects, and activities in this Act. The Appropriations Committees expect that this across-the-board reduction also will be applied to amounts identified in this statement.

In implementing this Act, the Departments and agencies should be guided by the language and instructions set forth in House Re-

¹This Explanatory Statement was submitted for printing in the Congressional Record on December 17, 2007, prior to House consideration of the Consolidated Appropriations amendment and as directed by the House of Representatives in section 3 of H. Res. 869. The Statement appears in books II and III of the December 17 Congressional Record, with the division G portion beginning on page H16178 of book II.

port 110–231 and Senate Report 110–107 accompanying the bills, H.R. 3043 and S. 1710.

In the cases where the language and instructions in either report specifically address the allocation of funds, each has been reviewed and those that are jointly concurred in by the Appropriations Committees have been endorsed in this explanatory statement and the detailed table at the end of the explanatory statement for this Act.

In the cases in which the House or the Senate reports direct the submission of a report, such report is to be submitted to both Appropriations Committees.

Section 516 sets forth the reprogramming requirements and limitations for the Departments and agencies funded through this Act, including the requirement to make a written request to the Appropriations Committees 15 days prior to reprogramming, or to the announcement of intent to reprogram, funds in excess of 10 percent, or \$500,000, whichever is less, between programs, projects and activities.

Finally, Departments and agencies funded in this division shall submit statements on the effect of this Act to the Appropriations Committees within 45 days of enactment of this Act, pursuant to section 518. The Appropriations Committees expect that these statements will provide sufficient detail to show the allocation of funds among programs, projects and activities, particularly in accounts where the final appropriation is different than that of the budget request. Further, these statements shall also include the effect of the appropriation on any new activities or major initiatives discussed in the budget justifications accompanying the fiscal year 2008 budget.

REDUCING THE NEED FOR ABORTIONS

The amended bill includes over \$200 million over the fiscal year 2007 funding level for several programs and new initiatives in the House bill that are intended to help reduce the number of abortions in America by alleviating the economic pressures and other real life conditions that can sometimes cause women to decide not to carry their pregnancies to term. Increases are provided for Community Health Centers, Family Planning, and the Community Services Block Grant. New approaches include a young parents training initiative in the Department of Labor, first time motherhood grants under the Health Resources and Services Administration, a teen pregnancy prevention demonstration within the Centers for Disease Control and Prevention, and a home visitation initiative within the Administration for Children and Families.

The Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2008, put in place by the amended bill, incorporates the following agreements of the Appropriations Committees: Title I Department of Labor Employment and Training Administration

1463

TITLE I—DEPARTMENT OF LABOR

EMPLOYMENT AND TRAINING ADMINISTRATION

TRAINING AND EMPLOYMENT SERVICES

(INCLUDING RESCISSIONS)

The amended bill includes \$3,608,349,000 for Training and Employment Services, instead of \$3,530,530,000 as proposed by the House and \$3,587,138,000 as proposed by the Senate. Of the amount appropriated, \$1,772,000,000 is an advance appropriation for fiscal year 2009 as proposed by the House and the Senate.

For dislocated worker assistance, \$1,471,903,000 is provided. This includes \$1,189,811,000 for the State formula grants and \$282,092,000 for the National Reserve Account, overriding the for-mula that provides that 80 percent of the funds available will be used for State formula grants and 20 percent in a National Reserve Account. Within the National Reserve Account, the amended bill provides that \$6,300,000 shall be available upon enactment for the purposes of grants, to be awarded within 30 days of enactment, for the continuation of national or multi-state training and employment programs. These grants are to be awarded to the AFL-CIO Working for America Institute and the AFL-CIO Appalachian Council, as proposed by the Senate, and the National Center on Education and the Economy, as proposed by the House. The amended bill also provides that up to \$125,000,000 within the Na-tional Reserve Account may be used for competitive grants under the Community-Based Job Training Grant initiative. No funds from the dislocated worker national reserve account or other pilot and demonstration resources shall be used for career advancement accounts or the predecessor proposal for personal reemployment accounts prior to a specific authorization of such activities.

Within the total provided for Migrant and Seasonal Farmworkers, \$75,610,000 is provided for State service area grants, \$4,975,000 is provided for housing grants and \$500,000 is included for other discretionary purposes, as described in the Senate report. The amended bill includes bill language proposed by the House providing that no less than 70 percent of formula funds be used for employment and training services and bill language proposed by the Senate which prohibits the Department from restricting the provision of "related assistance" services by grantees. These provisions ensure that the program primarily addresses the employment and training needs of the target population while also allowing grantees to provide related services that are often critical to the stabilization and availability of the farm labor workforce.

For YouthBuild, the \$60,000,000 included in the amended bill will provide sufficient funds for an additional competitive grant round in program year 2008.

For Pilots, Demonstrations and Research, the amended bill includes \$49,370,000 instead of \$28,140,000 as proposed by the House and \$30,650,000 as proposed by the Senate. Included in this amount is \$5,000,000 for a new demonstration program of competitive grants to address the employment and training needs of young parents as proposed by the House and detailed in House Report

110–231. The House provided \$10,000,000 for this purpose. The Senate had no similar provision. The amended bill also includes funds within Pilots, Demonstrations and Research to support the following projects in the following amounts:

The amended bill consolidates the Responsible Reintegration of Youthful Offenders and Prisoner Reentry programs into a program of Reintegration of Ex-Offenders, as proposed by the House. The amended bill provides \$74,800,000, instead of \$68,746,000 as proposed by the House and a total of \$68,642,000 as proposed by the Senate in two individual programs. Within this amount, bill lan-guage provides that no less than \$55,000,000 be used for programming for youth, and that a total of \$50,000,000 be available from resources in both fiscal years 2007 and 2008 for a youth mentoring initiative. The \$50,000,000 provided is for competitive grants to local educational agencies or community-based organizations to develop and implement mentoring strategies in schools identified as persistently dangerous. The Department should use \$29,000,000 provided in this Act, along with \$21,000,000 in funds made available under the fiscal year 2007 appropriation for youthful offenders, for this purpose and issue a solicitation of grant agreements on a timeline that provides for the incorporation of both the fiscal year 2007 and fiscal year 2008 contributions to the enhanced effort to assist persistently dangerous schools in mentoring efforts to prevent youth violence in high crime areas.

The amended bill includes a rescission of \$250,000,000 in prior year Workforce Investment Act unexpended balances for the Youth, Adult and Dislocated Worker formula programs. The Appropriations Committees expect the Department to adhere to the specific instructions in House Report 110–424 regarding the implementation of this rescission. Those instructions provide additional information on the intended methodology for the allocation of the rescission and the waiver of requirements that will minimize the burden on States and local areas.

COMMUNITY SERVICE EMPLOYMENT FOR OLDER AMERICANS

The amended bill includes \$530,900,000 for Community Service Employment for Older Americans as proposed by the House, instead of \$483,611,000 as proposed by the Senate. The increase over fiscal year 2007 is provided to cover the second increment of the Federal minimum wage increase, from \$5.85 to \$6.55 an hour, for the current level of 60,438 slots, which support 103,000 program participants.

STATE UNEMPLOYMENT INSURANCE AND EMPLOYMENT SERVICE OPERATIONS

The amended bill includes \$3,323,953,000 for State Unemployment Insurance and Employment Service Operations, instead of \$3,382,614,000 as proposed by the House and \$3,386,632,000 as proposed by the Senate.

The amended bill omits a provision proposed by the House and the Senate to provide \$40,000,000 in additional funds for in-person reemployment and eligibility assessments in one-stop centers, along with the specific requirement that \$10,000,000 in base Unemployment Insurance (UI) administration be used for this purpose, allowing for State flexibility in UI administration. The amended bill retains language included in the earlier conference report on H.R. 3043, and described in House Report 110–424, that allows the Secretary of Labor to make payments on behalf of the States for matching UI claims information against the information in the National Directory of New Hires to prevent, detect, and collect improper UI payments.

Within the amount provided for Employment Service grants to States, \$12,740,000 is provided for foreign labor certification programs, and \$17,677,000 is included for administration of the Work Opportunity Tax Credit. Within the amount provided for workforce information, national electronic tools and one-stop system building, the Appropriations Committees direct that workforce information grants to the States be funded at no less than \$32,430,000. Within the amount provided for Work Incentive Grants, the Appropriations Committees direct that all States that wish to participate in this program shall receive funding for new or continuation grants to support their disability navigator programs.

PROGRAM ADMINISTRATION

The amended bill includes \$175,387,000 for Program Administration, instead of \$170,500,000 as proposed by the House and \$185,505,000 as proposed by the Senate.

Within the amount for employment security activities, not less than \$42,225,000 is provided to improve the timeliness and quality of processing applications under the foreign labor certification program.

EMPLOYEE BENEFITS SECURITY ADMINISTRATION

SALARIES AND EXPENSES

The amended bill includes \$141,790,000 for the Employee Benefits Security Administration (EBSA), instead of \$142,925,000 as proposed by the House and \$143,262,000 as proposed by the Senate. The Appropriations Committees request a briefing on the schedule for the completion of the EFAST2 system prior to the announcement of the availability of funds for its development and also request regular progress reports on this project. The Committees are in agreement that EBSA should devote resources to the issuance of regulations on meaningful and uniform reporting of 401(k) fees and that a national education program on 401(k) investment options, fees and conflict of interest be created as described in House Report 110–231.

PENSION BENEFIT GUARANTY CORPORATION

PENSION BENEFIT GUARANTY CORPORATION FUND

The amended bill includes \$411,151,000 for the administrative expenses of the Pension Benefit Guaranty Corporation, as proposed by both the House and the Senate. Language in the Senate bill providing for obligations in excess of such amount is not included.

EMPLOYMENT STANDARDS ADMINISTRATION

The amended bill includes \$428,409,000 for the Employment Standards Administration, salaries and expenses, instead of tions Committees encourage the Department to direct additional funds to the Transition Assistance Program, which will ensure that the increasing demand for services is met. The Committees also expect the Department to increase enforcement activities to ensure that veterans' rights under the Uniformed Service Employment and Re-Employment Rights Act and Veterans Employment Opportunities Act are being protected.

OFFICE OF INSPECTOR GENERAL

The amended bill includes \$75,713,000 for the Office of Inspector General, instead of \$78,658,000 as proposed by the House and \$79,658,000 as proposed by the Senate.

GENERAL PROVISIONS

JOB CORPS SALARIES

The amended bill includes language that prohibits the use of funds for the Job Corps program to pay the salary of any individual, either as direct costs or any pro-ration as an indirect cost, at a rate in excess of Executive Level I, as proposed by the Senate. The House included a similar provision in the Job Corps account.

ONE PERCENT TRANSFER AUTHORITY

(TRANSFER OF FUNDS)

The amended bill includes a provision limiting the authority to transfer funds between a program, project or activity and requiring a 15 day advance notification of any such request. Both the House and Senate bills contained similar provisions.

The amended bill includes a provision requiring the Secretary of Labor to issue a monthly transit subsidy at the full amount of \$110 for eligible employees in the National Capital Region, as proposed by the House. The Senate bill contained no similar provision.

OPERATING PLAN

The amended bill includes a provision prohibiting the obligation of funds for demonstration, pilot, multiservice, research and multistate projects under section 171 of the Workforce Investment Act prior to the submission of a report on the planned use of such funds, as proposed by the House. The Senate had a similar provision requiring an operating plan for the use of such funds. Specific instructions pertaining to this provision are included in House Report 110–424.

DENALI COMMISSION

The amended bill includes a provision, as proposed by the Senate that authorizes such sums as may be necessary to the Denali Commission to conduct job training where Denali Commission projects will be constructed. The House bill contained no similar provision.

Title I General Provisions

GRANTS USING H-1B VISA REVENUE

The amended bill includes a provision that prohibits the use of the funds available to the Department under section 414(c) of the American Competitiveness and Workforce Improvement Act for other than training in the occupations and industries for which employers are using the visas to hire foreign workers that generate these funds. The Department should ensure that funded activities include industry career ladder programs and understand that there are some related activities that enhance or facilitate training programs that are part of a coordinated industry approach. The amended bill provides that this limitation shall not apply to multiyear grants that have been awarded prior to June 30, 2007, to account for three rounds of Workforce Innovation in Regional Economic Development (WIRED) grants. The House bill contained a similar provision.

COMPETITIVE GRANTS

The amended bill includes a provision prohibiting Community-Based Job Training grants and grants authorized under section 414(c) of the American Competitiveness and Workforce Improvement Act from being awarded on a non-competitive basis. Both the House and Senate bills included similar provisions.

ADMINISTRATIVE COST DEFINITION AND REDESIGNATION OF LOCAL AREAS

The amended bill includes a provision requiring that the Secretary of Labor take no action to amend the definition established in 20 CFR 667.220 for functions and activities under title I of the Workforce Investment Act of 1998 or to modify the procedure for designation of local areas as specified in that Act until such time as legislation reauthorizing the Act is enacted, as proposed by the Senate. The House bill contained a similar provision.

MINE SAFETY REGULATIONS

The amended bill includes language requiring specific dates by which the Secretary of Labor propose, and subsequently finalize, mine safety regulations regarding belt haulage entries and rescue chambers in coal mines, and makes additional requirements for review of mine ventilation plans. The Senate bill included a similar provision, while the House bill did not include such a provision.

NATIONAL EMERGENCY GRANT ASSISTANCE TO GREENSBURG, KANSAS

The amended bill includes language to enhance the federal government's response to the May 4 tornado in Greensburg, Kansas which is intended to deal only with the specific circumstances of this community. This devastating tornado has created a unique problem that requires relief from certain rules that would otherwise apply to the use of national emergency grant funds. This flexibility will enable funds to be used to pay for certain professional municipal services. The Appropriations Committees understand that \$2,500,000 is planned to be spent for these purposes, and request notification and justification from the Department if a greater amount is required. This provision was included in the Senate Homeland Security Appropriations bill.

HEALTH COVERAGE TAX CREDIT GAP-FILLER GRANTS

The amended bill does not include a provision included in the House bill authorizing up to \$20,000,000 in revenue available to the Department under section 414 (c) of the American Competitiveness and Workforce Improvement Act to be used for "gap-filler" grants to trade-impacted workers awaiting certification for the Health Coverage Tax Credit. The Senate bill contained no similar provision. The Department of Labor should make grants available to States from the Dislocated Worker National Reserve for this purpose and to increase outreach to trade-impacted workers to inform them of their eligibility for the Health Coverage Tax Credit.

PERSONAL PROTECTIVE EQUIPMENT

The amended bill deletes a provision included in the House bill and previous conference report to require the Secretary of Labor to promulgate a final rule on employer payment for personal protective equipment no later than November 30, 2007. This provision is no longer needed because the final rule was adopted by the Department of Labor on November 15, 2007. The Appropriations Committees will continue to monitor the Department's implementation of the final rule to ensure that it is fully implemented and enforced and that there are no attempts to weaken the level of protection afforded workers.

The House did not provide funding for this activity within SSA.

LIMITATION ON ADMINISTRATIVE EXPENSES

The amended bill includes \$9,917,842,000 for the limitation on administrative expenses, instead of \$9,696,953,000 as proposed by the House and \$9,871,953,000 as proposed by the Senate. SSA is expected to utilize these funds to ensure that the backlog of initial disability claims grows no larger and to pursue actions that will begin the reduction in the current appeals hearings backlog and processing times. The Appropriations Committees note that funding above the President's request is required in order to prevent such negative outcomes.

While the President's request did include resources above the fiscal year 2007 level for additional program integrity work, such as continuing disability reviews and redeterminations of eligibility, the amended bill does not include language requiring that funds be used for this purpose. Instead, the Appropriations Committees intend for SSA to allocate any funds not needed for timely processing of new disability claims and the hearings backlog reduction plan to such program integrity work.

such program integrity work. The Appropriations Committees request that the Government Accountability Office (GAO) evaluate the Social Security Administration's plan to reduce the hearing backlog for disability claims at the Social Security Administration, as described in the report submitted by the Commissioner on September 13, 2007, pursuant to Senate Report 110–107. The Appropriations Committees further request that GAO also recommend any legislative changes based on its evaluation of the plan. The House did not propose similar language.

The Appropriations Committees also request that GAO assess existing authorities to hire, manage, and ensure accountability of administrative law judges in the proper administration of their duties and make recommendations for legislative changes that will support those findings. The Senate bill proposed similar language. The House did not propose similar language in either the bill or report.
