### RE: Definition of "Employer" – Association Health Plans (RIN 1210 – AC 16)

Dear Secretary Su and Assistant Secretary Gomez:

We write on behalf of the Medical Practice Consortium to respond to the Proposed Rule, "Definition of 'Employer'-Association Health Plans," as published in the Federal Register by the Department of Labor ("DOL" or "Department") on December 20, 2023 (88 Fed. Reg. 87968).

Bloomington Anesthesiologists, P.C., Cancer Care Group P.C., Corneal Consultants of Indiana, P.C. and Associated Vitroretinal and Uveitis Consultants formed the Medical Practice Consortium ("MPC" or "Consortium") on November 21, 2018. The Consortium is an association health plan ("AHP") that mirrors DOL Advisory Opinion 2017-02AC.<sup>1</sup> Today, the MPC provides coverage to more than 75 independent Indiana medical practices that have pooled together to leverage their strength and size to obtain comprehensive affordable health coverage. The Consortium is governed by a five-member Board of Trustees ("Trustees"), which were nominated and elected by the participating employers. The Trustees have assembled a team of benefit

<sup>&</sup>lt;sup>1</sup> This letter's reference to the "2018 AHP Rule" is to the DOL's 2018 rule entitled "Definition of Employer— Association Health Plans," which established an alternative set of criteria from those set forth in the Department's pre-rule guidance for determining when a group or association of employers is acting "indirectly in the interest of an employer" under section 3(5) of the Employee Retirement Income Security Act of 1974 ("ERISA") for purposes of establishing an AHP as a multiple employer group health plan. The MPC was formed pursuant to the pre-rule guidance – not the 2018 AHP Rule.

advisors, actuaries, and legal professionals to help facilitate the Consortium's goal to provide quality benefits programs for independent medical practice employers.

The MPC offers its participating employers essential health benefits plan options, which include three (3) PPO plans and three (3) HSA plans with a range of deductibles through Anthem using the broad Blue Access Network. As such, these plan options all offer benefits that far exceed the minimums set forth under applicable federal law. Significantly, these plans offer the broadest network of providers available in Indiana and also extend nationally and internationally. Covered benefits even include bariatric surgery, subject to prior authorization. For your review, please find attached the Summaries of Benefits and Coverage for the MPC plans.

The Trustees are not opposed to efforts by the DOL simply to repeat in regulations the general rules that have appeared in prior advisory opinions. However, if the intent behind this comment process is to create new cumbersome rules that will needlessly divert funds away from providing benefits, the Trustees are strongly opposed. The Trustees are troubled by any effort by the federal government to further increase the cost of coverage for employer groups that have already been hammered by hospital consolidations and inflation for the last several years.

The Trustees have been able to provide stability in the year-over-year health care costs to the independent medical practice members. This has helped control the MPC's health care costs, and support physicians who prefer to remain in private independent medical practice, which is increasingly difficult in Indiana. Any intent that causes health care costs to increase to these independent medical practices can and will disrupt the ability of these physicians to remain independent.

### Consolidations Have Led to Rising Healthcare Costs

"In health care, consolidation is a key factor contributing to the exponential growth in health spending by U.S. taxpayers, employers, and consumers."<sup>2</sup> "Across the United States, health care markets are dominated by a few large players, and the footprints of these players continue to

expand."<sup>3</sup> "Hospital consolidation has been occurring over multiple decades."<sup>4</sup> "[I]n 2023, health care merger mania not only continue[d], but [] expand[ed] in increasingly complicated and more costly ways."<sup>5</sup> "There were 1,887 hospital mergers announced between 1998 through the end of 2021, according to the American Hospital Association. Those mergers reduced the number of hospitals from about 8,000 to around just over 6,000."<sup>6</sup> The consolidation of hospitals continue to increase medical costs, narrow access, and impact the quality of care provided.<sup>7</sup>

A wide body of research has shown that provider consolidation leads to higher health care prices for private insurance; this is true for both horizontal and vertical consolidation. "A key reason for provider consolidation is so that hospitals and health systems can accrue bargaining leverage and, in turn, achieve higher prices from commercial payers, as well as direct patient volume to higher-priced system hospitals and providers."<sup>8</sup> Consolidation results in higher health care prices, driven by the increased market power and decreased competition of health systems."<sup>9</sup> Some studies suggest increased prices are not associated with significant improvements in quality of care.<sup>10</sup>

These problems are particularly relevant to small businesses in Indiana where hospital prices are among the highest in the United States.<sup>11</sup> Indiana is facing "outrageously high hospital prices and very low reimbursement for physician services," which "are contributing to

consolidation of healthcare choices in [Indiana]."<sup>12</sup> As providers of physician services in Indiana who are attempting to not only care for their patients, but also their employees' health care needs, these issues are very alarming to the MPC's participating employers. To address this issue, "[g]reater transparency is critical for a competitive market, so consumers of health care can make the choices to purchase the highest quality care at the best price."<sup>13</sup>

"A key trend over the past decade is the substantial vertical consolidation of previously independent physician groups and physician practices into hospitals and health systems."<sup>14</sup> The increased costs of health care for physicians, their employees, and dependents of their employees is a key reason for this recent trend. "[T]he percentage of physician practices owned by hospitals and health systems has doubled over the past decade, nearing half of all physicians – both primary care and specialty physicians."<sup>15</sup> Due to these increased costs, "some hospitals and physician practices may find it difficult to operate independently, which could increase the rate of consolidation among health care providers."<sup>16</sup> The health care options offered by the MPC have provided Indiana medical practices with a needed and important alternative to such consolidation.

Not only are hospitals consolidating, but health insurance companies have also been consolidating over the past decade. A 2022 American Medical Association study found that 75 percent of metropolitan statistical area-level commercial insurance markets were highly concentrated.<sup>17</sup> "Ninety-one percent of the markets had one insurer holding at least 30 percent of the market share, and 46 percent of the markets had one insurer holding at least 50 percent of the market share, restricting competition.<sup>18</sup> A couple examples of this trend include Anthem's attempted merger with Cigna and Aetna's attempted merger with Humana, both of which were judicially blocked.

Furthermore, insurers have been consolidating with provider entities over the past decade. "Currently, the largest employer of physicians in the United States is not a health system, but rather Optum, a subsidiary of the insurer UnitedHealth Group with more than 700,000 employed or

#### AHPs Provide a Needed Option

AHPs provide employers with an affordable way to offer group health coverage to their employees. These multiple employer welfare arrangements ("MEWA") are providing part of the solution to address the cost increase realities of the above-mentioned health industry consolidations. MEWAs are an effective option for employers to: (a) continue providing comprehensive health care coverage to their employees; and (b) manage the cost and complexity of the current system. By grouping businesses together and pooling their contributions (giving them better purchasing power), AHPs help small companies compete for quality job candidates looking for robust medical benefits as part of their total compensation package. According to the Bureau of Labor Statistics, behind payroll, health insurance is a company's biggest cost. Since AHPs are more affordable and more benefit-rich, they are one of the biggest assets a company can offer its workforce.<sup>21</sup>

For decades, the growth in the AHP market has demonstrated that employers value the opportunity to select AHP plans both because of the high-quality, low-cost care they can offer their employees. Additionally, AHPs offer employers the flexibility to choose plans to fit what is important to their employees – whether that is a wide variety of providers and facilities to supplement dental and vision coverage. In Indiana, AHPs have provided a viable and important additional coverage option for employers, such as physician practices, who seek to design and offer benefits that fit the needs of their employees.

One of the biggest challenges for independent medical practices is finding first-rate health coverage at an affordable price. The MPC was formed to help face this challenge. Without the ability for multiple independent medical practices to pool together and leverage their strength in numbers, they would not be able to obtain affordable health coverage for their physicians, employees and families. But with the ability to form a MEWA, the Consortium is able to offer PPO and HSA plan options with a range of deductibles administered by Anthem, using the broad Blue Access network, which conforms to the DOL's pre-rule guidance. "The Department's pre-rule guidance is consistent with the criteria articulated and applied by every appellate court, in

addition to several district courts, that considered whether an organization was acting in the interests of employer-members."<sup>22</sup>

The Consortium, like many other AHPs, has invested significant resources to ensure its compliance with these longstanding requirements. As a MEWA, the MPC is subject not only to the requirements of ERISA, but also to Indiana's robust state law insurance regulations as a partially self-funded MEWA.<sup>23</sup> Among other requirements, partially self-funded MEWAs operating in Indiana are required to: (a) purchase specific and aggregate stop-loss coverage; (b) maintain a fund balance of at least \$500,000; and (c) set its contributions to fund one hundred percent (100%) of the aggregate retention plus all other costs of the MEWA.<sup>24</sup> The MPC strongly supports these rules, as well as the oversight of the Indiana Department of Insurance, as reasonable consumer protections to ensure the integrity of MEWAs operating in Indiana.

The DOL's proposed rule goes to great lengths to amplify the misdeeds of some organizations that did not comply with the law. But the DOL fails to mention the HUNDREDS of Pathway 1 MEWAs that make every effort to comply with applicable laws in good faith. No common thread has united these Pathway 1 MEWAs in the past. But, perhaps, this process will be the start of a united effort to preserve the ability of employers to work together to reduce the costs of health care.

Sincerely,

W. L - T

Important Questions	Answers	Why This Matters:
What is the overall <u>deductible</u> ?	\$3,200/person or \$6,000/family for In- <u>Network Providers</u> . \$5,000/person or \$10,000/family for Non- <u>Network Providers</u> .	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your <u>deductible?</u>	Yes. <u>Preventive Care</u> for In- <u>Network Providers</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive</u> <u>services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at <u>https://www.healthcare.gov/coverage/preventive-care-benefits/</u> .
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the <u>out-of-</u> <u>pocket limit</u> for this <u>plan</u> ?	\$3,200/person or \$6,000/family for In- <u>Network Providers</u> . \$10,000/person or \$20,000/family for Non- <u>Network Providers</u> .	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket</u> <u>limit</u> ?	Premiums, balance-billing charges, health care this <u>plan</u> doesn't cover, and Non- <u>Network</u> Transplants.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a <u>network</u> <u>provider</u> ?	Yes, Blue Access. See <u>www.anthem.com</u> or call (833) 578-4441 for a list of <u>network</u> <u>providers.</u>	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's</u> <u>network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <u>plan</u> pays ( <u>balance billing</u> ). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u>

		for some services (such as lab work). Check with your provider before you get services.

Important Questions	Answers	Why This Matters:
What is the overall <u>deductible</u> ?	\$4,000/person or \$8,000/family for In- <u>Network Providers</u> . \$10,000/person or \$20,000/family for Non- <u>Network Providers</u> .	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your <u>deductible?</u>	Yes. <u>Preventive Care</u> for In- <u>Network Providers</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive</u> <u>services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at <u>https://www.healthcare.gov/coverage/preventive-care-benefits/</u> .
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the <u>out-of-</u> <u>pocket limit</u> for this <u>plan</u> ?	\$5,000/person or \$10,000/family for In- <u>Network</u> <u>Providers</u> . \$20,000/person or \$40,000/family for Non- <u>Network Providers</u> .	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket</u> <u>limit</u> ?	Premiums, balance-billing charges, health care this <u>plan</u> doesn't cover, and Non- <u>Network</u> Transplants.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a <u>network</u> <u>provider</u> ?	Yes, Blue Access. See <u>www.anthem.com</u> or call (833) 578-4441 for a list of <u>network</u> <u>providers.</u>	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's</u> <u>network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <u>plan</u> pays ( <u>balance billing</u> ). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u>

		for some services (such as lab work). Check with your provider before you get services.
Do you need a <u>referral</u>	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .
to see a <u>specialist</u> ?		

All <u>copayment</u> and <u>coinsurance</u> costs shown in this chart are after your <u>deductible</u> has been met, if a <u>deductible</u> applies.

Important Questions	Answers	Why This Matters:
What is the overall <u>deductible</u> ?	\$5,000/person or \$10,000/family for In- <u>Network</u> <u>Providers</u> . \$10,000/person or \$20,000/family for Non- <u>Network Providers</u> .	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your <u>deductible?</u>	Yes. <u>Preventive Care</u> for In- <u>Network Providers</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive</u> <u>services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at <u>https://www.healthcare.gov/coverage/preventive-care-benefits/</u> .
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the <u>out-of-</u> <u>pocket limit</u> for this <u>plan</u> ?	\$6,650/person or \$13,300/family for In- <u>Network</u> <u>Providers</u> . \$20,000/person or \$40,000/family for Non- <u>Network Providers</u> .	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket</u> <u>limit</u> ?	Premiums, balance-billing charges, health care this <u>plan</u> doesn't cover, and Non- <u>Network</u> Transplants.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a <u>network</u> <u>provider</u> ?	Yes, Blue Access. See <u>www.anthem.com</u> or call (833) 578-4441 for a list of <u>network</u> <u>providers.</u>	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's</u> <u>network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <u>plan</u> pays ( <u>balance billing</u> ). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u>

		for some services (such as lab work). Check with your provider before you get services.
Do you need a <u>referral</u>	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .
to see a <u>specialist</u> ?		

All <u>copayment</u> and <u>coinsurance</u> costs shown in this chart are after your <u>deductible</u> has been met, if a <u>deductible</u> applies.

of coverage, <u>https://eoc.anthem.com/eocdps/aso</u>. For general definitions of common terms, such as <u>allowed amount</u>, <u>balance billing</u>, <u>coinsurance</u>, <u>copayment</u>, <u>deductible</u>, <u>provider</u>, or other <u>underlined</u> terms, see the Glossary. You can view the Glossary at <u>www.healthcare.gov/sbc-glossary/</u> or call (833) 578-4441 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall <u>deductible</u> ?	<ul> <li>\$2,000/person or \$4,000/family for In-<u>Network Providers</u>.</li> <li>\$5,000/person or</li> <li>\$10,000/family for Non- <u>Network Providers</u>.</li> </ul>	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your <u>deductible?</u>	Yes. Primary Care <u>Specialist</u> Visit <u>Preventive Care</u> for In- <u>Network Providers</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive</u> <u>services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at <u>https://www.healthcare.gov/coverage/preventive-care-benefits/</u> .
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the <u>out-of-</u> <u>pocket limit</u> for this <u>plan</u> ?	\$5,000/person or \$10,000/family for In- <u>Network</u> <u>Providers</u> . \$10,000/person or \$20,000/family for Non- <u>Network Providers</u> .	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket</u> <u>limit</u> ?	Premiums, balance-billing charges, health care this <u>plan</u> doesn't cover, and Non- <u>Network</u> Transplants.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a <u>network</u> <u>provider</u> ?	Yes, Blue Access. See <u>www.anthem.com</u> or call (833) 578-4441 for a list of <u>network</u> <u>providers.</u>	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's</u> <u>network</u> . Important Questions	Answers	Why This Matters:
What is the overall <u>deductible</u> ?	\$5,000/person or \$10,000/family for In- <u>Network</u> <u>Providers</u> . \$10,000/person or \$30,000/family for Non- <u>Network Providers</u> .	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your <u>deductible?</u>	Yes. Primary Care <u>Specialist</u> Visit <u>Preventive Care</u> for In- <u>Network Providers</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive</u> <u>services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at <u>https://www.healthcare.gov/coverage/preventive-care-benefits/</u> .
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the <u>out-of-</u> <u>pocket limit</u> for this <u>plan</u> ?	\$7,350/person or \$14,700/family for In- <u>Network</u> <u>Providers</u> . \$20,000/person or \$40,000/family for Non- <u>Network Providers</u> .	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket</u> <u>limit</u> ?	Premiums, balance-billing charges, health care this <u>plan</u> doesn't cover, and Non- <u>Network</u> Transplants.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a <u>network</u> <u>provider</u> ?	Yes, Blue Access. See <u>www.anthem.com</u> or call (833) 578-4441 for a list of <u>network</u> <u>providers.</u>	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's</u> <u>network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <u>plan</u> pays ( <u>balance billing</u> ). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u>

		for some services (such as lab work). Check with your provider before you get services.
Do you need a <u>referral</u>	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .
to see a <u>specialist</u> ?		

All <u>copayment</u> and <u>coinsurance</u> costs shown in this chart are after your <u>deductible</u> has been met, if a <u>deductible</u> applies.
