Submitter Information

Name: Steven Mallo

General Comment

As a retail investor I support the amendment. Without a market that is equitable and transparent the worldwide faith in the US stock market will crumble, if it isn't already in process. In fact, I support criminal charges for corporate heads that break the law and fines that are multiples greater than the gains illegally made by said corporations. There should be no "special treatment" for those I consider to be financial terrorists to our nation's economy. Thank you.
