General Comment

I am for fair and transparent markets, meaning markets with no exemptions or loop holes.

I support the mandatory jailing of anyone involved in corruption, wrongdoing and/or conflict of interest, regardless of status and occupation.

We need to get this market under control now, before it is ruined forever by bad actors.

The people demand justice. No more excecptions. No more bailouts. Take back control from these thugs by giving them their well deserved jail time.

Please. Before we all turn our backs to the US markets, forever.
