

ILAB TECHNICAL COOPERATION PROJECT SUMMARY

PROJECT TITLE	SURVEY METHODOLOGY FOR NATIONAL LEVEL ESTIMATES OF CHILDREN IN THE UNCONDITIONAL WORST FORMS OF CHILD LABOR
REGION/COUNTRY	GLOBAL
PROJECT DURATION	September 2005 – June 2010
FISCAL YEAR & FUNDING LEVEL	FY2005: \$691,450
PROBLEM TO BE ADDRESSED	Previous survey-based research on the unconditional worst forms for child labor (UWFCL) has primarily been descriptive and qualitative. Very little quantitative information on children in the UWFCL has been collected. The current project seeks to develop a sampling framework and methodology for estimating the incidence and distribution of these target groups at the national level.
PROJECT OBJECTIVES	To contribute to the elimination of child labor, particularly the unconditional worst forms, through improvement of statistical estimates and quantifiable information for improved policy and program formulation
SUMMARY OF ACTIVITIES	<ul style="list-style-type: none">• Review paper containing a critical appraisal of the findings on UWFCL;• Conduct three different pilot tests of draft methodology;• Finalize and disseminate SIMPOC methodology manual on the collection of data for estimating UWFCL.
GRANTEE	International Labor Organization (ILO) - International Program on the Elimination of Child Labor (IPEC)
IMPLEMENTING PARTNERS	Reputable international and national research institutions and statistical agencies.
CONTACT INFORMATION	Office of Child Labor, Forced Labor, and Human Trafficking (202) 693-4843
