- **5.01** The Union shall have the right to designate Shop Stewards in each store. The Shop Stewards so designated shall not exceed six (6) per store, three (3) to act as Stewards and three (3) to act as alternate Stewards.

The number of meetings per year may be increased or decreased by mutual agreement. This meeting will include Union Officials, including Union Representatives and company Officials including District Managers and District Operations Coordinators (District Ops). These meetings are in addition to the current Labor/Management meetings. Should any differences, disputes or complaints arise over the interpretation or application of the contents of this Agreement there shall be an earnest effort on the part of both parties to settle such in a prompt and timely manner through the Steps outlined below.
- **Step 1.** By conference between the aggrieved employee, the Shop Steward and/or the Union Representative and the Store Manager within seven (7) days of the submission or the presentation of the grievance to the Employer.
- **Step 2.** By conference between the Shop Steward and/or Union Representative and the District Manager and/or District Operations Coordinator within fifteen (15) days of initial contact with the District Manager from Step 1.
- Step 3. By conference between an official or officials of the Union and/or the Divisional President or a representative of the Employer so delegated by a Divisional President or both within fifteen (15) days of initial contact by the Union and/or Employer from Step 2.

- **5.03** Grievances must be taken up promptly, and no grievance will be considered or discussed which is presented later than thirty (30) calendar days after such has happened.
- **5.04** It is agreed that Steps 1 and 2 of this dispute procedure may be waived if mutually agreeable to the Employer and the Union.
- 5.05 It is the intent of both parties that grievances shall be handled promptly within the time limit specified in each step of the grievance procedure. However, time limits may be extended in any step of the grievance procedure by mutual consent.
- **5.06** After all steps of the grievance procedure, except arbitration, have been exhausted, the Union shall have the right to determine if an employee's grievance is qualified to be submitted to arbitration by the Union, and such determination shall be binding on the employee and the Union.
- **5.07** The Union and the Employer shall select one (1) person who will act as their representative to select an arbitrator and jointly request the Director of the American Arbitration Association to furnish the parties a panel of seven (7) arbitrators from which the arbitrator shall be chosen. The arbitrator shall be chosen by the alternate striking of names. By mutual agreement between the parties, if the panel offered by the American Arbitration Association is unacceptable to both parties, a second panel of seven (7) names may be jointly requested. The expenses of the arbitrator shall be paid for jointly. The arbitrator shall have no authority to amend, modify, or in any way alter the terms of this Agreement. The Employer nor the Union shall not refuse more than two dates that have been offered for hearing dates by the arbitrator unless mutually agreed to by the Employer and the Union in writing.
- 5.08 The Employer may at any time discharge any worker for proper cause. The Union may file a written complaint within five (5) days with the Employer, asserting that the discharge was improper. Such complaint must be taken up promptly, and if the Employer and the Union fall to agree within ten (10) days, the Union, if it desires to arbitrate the discharge, shall refer it to the Board of Arbitration within ten (10) days after such disagreement. Should the Board determine that it was an unfair discharge; the Employer shall reinstate the employee in accordance with the findings of the Board. The Union will be given written notification of any discharge within three (3) working days after discharge.
- **5.09** Any employee who is interrogated concerning a matter of discipline is entitled to representation by the Union at that interrogation. If the meeting is a scheduled meeting, a steward or Union Representative may be requested by the employee.
- **5.10** No employee will be required to take a polygraph examination.
- **5.11** The Employer and the Union agree that a proven violation of established time clock rules including working before punching in or after punching out may subject such an employee to disciplinary action up to and including discharge.

When requested to do so, the Employer shall make such records available at a reasonable time to an authorized representative of the Union for examination.

5.12 The Fair Labor Standards Act as amended, requires among other things, that all time worked by employees be accurately recorded and that employees receive compensation for all time worked in excess of 40 (forty) hours in any work week at time and one-half (1 ½) their regular hourly rate of pay. The parties recognize and agree that strict compliance with this Act is in the best interest of the Employer, the Union and the employees. Therefore, the Employer will not request, suffer or permit any employee to work off the clock and the Union agrees to cooperate with and to assist the Employer in assuring strict compliance with this important Federal legislation.

So that discipline will be applied consistently and uniformly, the following steps will be taken to discipline employees who violate the "Fair Labor Standards Act" as stated herein.

First offense - written warning
Second offense - one week disciplinary suspension - without pay
Third offense - discharge

5.13 An employee who is absent from work for three (3) consecutive working days without notifying the Store Manager will be considered to have voluntarily quit.

- **5.14** All constructive advice notices issued for an infraction of company rules or records of discipline, shall be stricken and become null and void nine (9) months from their date of issuance, provided the employee has not received another notice for the same type of infraction within that nine (9) month period.
- **5.15** Upon request, the Store Manager or person in charge will grant to any accredited Union representative the right to communicate with the employees of the store.

ARTICLE 6 NO STRIKE, NO LOCKOUT

- **6.01** During the term hereof, the Union agrees that there shall be no strike, or any other interference with or interruption of the normal conditions of the Employer's business by the Union or its members. The Employer agrees that there shall be no lockout.
- **6.02** The Union further agrees that its members will not refuse to cross a legal Labor picket line until such line is officially authorized by the Local Union, and further, that in the event the Local Union does recognize such established legal labor picket line, it shall notify the Employer forty-eight (48) hours in advance of such action.

ARTICLE 7 LEAVE OF ABSENCE

- **7.01 Union Business**: The Employer shall grant the necessary time off without discrimination or loss of seniority rights and without pay to any employee designated by the Union to attend a labor convention or serve in any capacity on other official Union business, provided the Employer is given at least one (1) week's notice in writing specifying the length of time off, but in no case shall the length of time off exceed one (1) year.
- **7.02 Sickness or Injury**: A leave of absence because of sickness or injury, not to exceed ninety (90) days, will be granted to an employee upon written request supported by medical evidence. Extensions will be granted up to ninety (90) days at a time for a cumulative total of one (1) year, if requested and granted in writing supported by proper medical evidence prior to each expiration. The above leave may be extended one (1) additional year by mutual agreement between the Union and the Employer.
- **7.03 Military Leave:** Employees in military service under the provisions of federal law, shall be returned to their job in accordance with such law.
- **7.04 Funeral Leave:** Up to three (3) days leave with pay shall be granted for time necessarily lost from work in the event of a death in the immediate family of an employee, provided that the employee attends the funeral. In no case, however, will the employee receive more than their basic weekly wage pay. By immediate family is meant parent, step-parent, brother, sister, wife, husband, child, stepchild, mother-in-law, father-in-law, grandparents, grandchildren, or any other relative residing with the employee.
- **7.05 Personal Leave of Absence**: A leave of absence up to thirty (30) days shall be granted to an employee who has had one (1) year of continuous service for reasonable personal reasons but not for the purpose of engaging in gainful employment elsewhere. Any such employee desiring a leave of absence shall secure written permission from the Employer with a copy to the Union, the length of absence to be agreed upon by the Employer and employee. The length of absence shall be commensurate with the need. The above leave may be extended thirty (30) additional days by mutual agreement between the Union and the Employer.
- **7.06** Time spent on leave of absence will not be counted as time worked for the purpose of wage computation and will not result in loss of seniority. Failure to report back to work at the end of a leave of absence shall result in the employee being considered a voluntary quit. Any employee accepting employment elsewhere while on leave of absence shall be considered a voluntary quit, except in a case where such employee works for the Union.

7.07 Family and Medical Leave Act: A leave of absence of up to twelve (12) weeks (unpaid) shall be granted to an employee who has had one (1) year of continuous service and who has worked at least 1250 hours in the twelve (12) months prior to the request, pursuant to the basic provisions of the Family and Medical Leave Act. Any such employee desiring a leave of absence may be required to provide advance leave notice and medical certification prior to the leave of absence being granted, subject to the provisions of the Act. The length of the absence shall commensurate with the need. In regards to FMLA, the Company agrees to the current practice of allowing employees who are eligible for paid vacation to take such vacation unless they choose not to. In the event there is a change in the law or a change in Company policy, the parties agree to meet and negotiate over the change in the law or policy prior to implementation of the change.

ARTICLE 8 ABSENCE DUE TO JURY DUTY

- **8.01** Full-time employees who serve on jury duty shall be paid for time necessarily lost from work provided those employees make every reasonable effort to be available for work within their regular work schedule when not occupied with jury duty. Employees who assume this responsibility of citizenship by serving in such capacity will receive their pay in addition to any jury or witness fees awarded them.

This Agreement shall not be construed as restricting sales representatives from inspecting any and all merchandise of their respective company for spoilage or replacement, nor shall it apply to new or remodeled stores or to initial special displays unless such special displays have a tendency to become too constant or too often. There shall be no expansion of the present practice which might tend to erode bargaining unit employment during the life of this Agreement. The Employer may utilize any DSD (direct store delivery) vendor store assistance on Drug/GM products which are available to the trade without additional cost.

When openings occur for part-time clerks, Courtesy Clerks shall be considered for openings based on ability, availability, seniority and interest in the position. Courtesy Clerks' service shall be considered in determining their rate of pay upon promotion to a part-time or full-time clerk. Time spent as a Courtesy Clerk will count toward attaining eligibility for Health and Welfare in the event of a promotion to a clerk.

The Employer agrees that the expansion of courtesy clerk duties shall not cause any employee hired prior to February 21, 2010 to experience a reduction of hours solely as a result of the implementation of this language.

The Union Representative will inform the Store Manager and Human Resources in writing of any violations of this section pertaining to Courtesy Clerks and shall result in the following remedy in the particular store where the violation occurs:

First Violation

The Union shall inform the Store Manager and Human Resources in writing.

ARTICLE 12 SENIORITY

12.01 For Deli/Meat/Seafood employees hired prior to October 30, 2005:

In layoffs, recalls, or permanent reduction of hours, seniority shall apply. There shall be one seniority list for full-time employees and a separate seniority list for part-time employees. Seniority shall be determined by the length of service of employees with regard to their experience and ability to perform the work. All circumstances being reasonably equal, length of service shall be the controlling factor. In the matter of promotions or transfers from one type of work to the other, or from one store to the other, the Employer shall have the right to exercise its final judgment after giving due regard to seniority. Full-time employees shall have seniority over all part-time employees. Seniority for layoffs for Full-time and Part-time employees shall be administered in accordance with the provisions of Appendix "A" attached.

12.02 All current and future employees effective upon October 30, 2005:

In layoffs, recalls, or permanent reduction of hours, seniority shall apply. There shall be one seniority list for full-time employees and a separate seniority list for part-time employees and a separate seniority list for courtesy clerks. Full-time seniority shall be defined as the date employee was last classified full-time. Part-time seniority shall be defined as the length of last continuous employment. Full-time employees shall have seniority over all part-time employees. Seniority for layoffs for Full-time and Part-time employees shall be administered in accordance with the provisions of Appendix "A" attached.

- 12.03 In the matter of permanent transfers, seniority shall be the controlling factor.
- 12.04 In the matter of promotions within the bargaining unit, seniority will be the controlling factor as long as the employee has the ability to perform the work. A full-time employee who desires consideration for a department head, assistant, or lead position shall notify Human Resources, their Store Manager, District Manager and the Union in writing. When a vacancy occurs, the Employer will review any requests on file, along with any other candidates, and a decision will be made based upon ability, seniority, and consistent with the needs of the business. Requests will be valid for six (6) months from date received by the above referenced individuals.
- 12.05 Permanent vacancies for the positions of Department Manager: Front-End, Grocery, Produce, Deli, Meat and Drug/GM will be posted in each store in the areas covered by the bargaining agreement for a minimum of seven (7) days prior to the appointment, subject to the provisions of the above paragraph. Such notice shall be of a uniform size and shall be posted in a prominent location to be seen by all employees.
- **12.06** In the event employees engage in an authorized work stoppage, employees will be called back by seniority within their classification as needed in their store on termination of the authorized work stoppage.

- 12.07 Seniority shall be considered broken if an employee is justly discharged by the Employer, if the employee is promoted to a position outside the bargaining unit, if the employee voluntarily quits, if the employee has been laid off continuously for a period of more than six (6) months, or if the employee is called back to work after a lay-off and does not report for work within one (1) week. This should not apply to employees who are temporarily assigned to relieve employees outside the bargaining unit for vacation purposes or emergencies not to exceed five (5) weeks at any one time.
- 12.08 During the first forty-five (45) days all employees shall be on a trial basis. The Employer may discharge any new employee during said trial period for any reason whatsoever and there shall be no right of appeal to the grievance and arbitration procedure by either the employee or the Union. However, after forty-five (45) days of employment, the employee's seniority date shall revert back to the employee's date of hire.
- 12.09 Part-time employees will be given preference for full-time jobs if qualified. Employees interested in such full-time jobs will notify Human Resources, the Store Manager, and Union in writing. Part-time employees will be given first consideration for promotion to full-time when a vacancy exists; however, this shall not preclude an employee in another department from requesting a transfer for such vacancy or a vacancy that might become available. Store Clerks, Fuel Center and Starbucks clerks interested in transferring into or out of the Fuel Center or Starbucks, shall notify Human Resources, the Store Manager and the Union in writing.
- **12.10** Each week the Employer will give the Union a listing of newly hired and active employees. This listing shall include names, social security numbers, home addresses, store numbers and seniority dates and shall be given to the Union in the form of a computerized tape or disk in the format that matches the Union's computer.
- **12.11** The Union Shop Stewards (excluding the alternate Shop Stewards), not to exceed three (3), shall be the last employees in their classification in the store to be transferred or laid off. The Employer must receive written notification of the steward's appointment prior to granting above.

The senior part-time employee will be assigned the schedule with the most straight-time hours for their respective department, provided the employee has the ability and is available to do the work. All other part-time schedules in their respective department will be assigned based on seniority, availability, and ability to perform the work.

One or more senior part-time employees may claim hours from a junior employee so as to eliminate that junior employee from the schedule entirely. However, schedules may not be claimed from a part-time employee so as to leave the employee with less than the twelve (12) hour guarantee, unless that employee is totally removed from the schedule.

Part-time employees must claim hours within the area of their job assignment, and must be available and able to perform the work. Night premium hours shall not be excluded for the purpose of claiming hours. Hours in newly remodeled stores and new stores will not be available for claiming until the store is classified. Job assignments where possible and where the employee is available to perform the work, may be combined on a given day. The Employer will not hire employees for twelve (12) hour schedules for the purpose of circumventing the available hour clause.

Employees claiming available hours must do so by noon Saturday following the posting of the work schedule.

12.13 The Union Representative will inform the Store Manager and Human Resources of any violations pertaining to scheduling of hours on a seniority basis, and a decision will be rendered within one week.

First Violation

The Store Manager will correct such violation in the following manner:

Assign the hours to the most senior part-time employee who is available and qualified to perform the work. Should the hours have already been worked by a less senior employee, the most senior employee who is available and qualified shall be paid for said hours that the junior employee worked that the senior employee could have worked.

Second Violation

Should hours be assigned to a less senior employee, the more senior employee who is available and qualified to perform the work shall be paid at two (2) times their regular rate of pay for all hours the junior employee worked that the senior employee could have worked.

Third Violation

Should hours be assigned to a less senior employee, the most senior employee who is available and qualified to perform the work shall be paid at three (3) times their regular rate of pay for all hours assigned to the less senior employee that the senior employee could have worked.

Senior employees or the union representative shall be able to claim all or portion of less senior employee's schedules on a daily basis up to and including forty (40) hours.

Claims for payment as outlined above shall not be valid after thirty (30) days.

If after the third violation, it is determined that the schedule is being deliberately manipulated to prevent senior part-time employees from claiming hours, the two (2) most senior part-time employees in the store shall be reclassified to full-time.

- **12.14** When employees object to night stock work, the night stock work shall be assigned by seniority within their store beginning with the least senior full-time stock clerk.
- 12.15 An employee who desires a transfer to another location may request such a transfer in writing to Human Resources with a copy to Store Management and the Local Union. When a vacancy occurs, the Employer will review any request on file for that location by seniority, and a decision will be made based on the employees seniority, ability, and consistent with the needs of the business. Requests for transfer shall be valid for a period of six (6) months from the date received in Human Resources. Front-End, Grocery, Produce, Deli, Meat, Drug/GM and Grandfathered Seafood Managers may request a transfer as provided above. However, in the case of such request, a decision will be made based upon the experience and ability to perform the work as determined by the Employer.

- (1) An employee who is about to be laid off or permanently reduced from full-time to part-time employment in a store in one of the groups in Area 1 may displace the least senior employee within their classification within their store.
- (2) The employee thus displaced may exercise their seniority to displace the least senior employee within their classification within their group.
- (3) The employee thus displaced may exercise their seniority to displace the least senior employee within their classification in Area 1.

(4) The employee thus displaced may exercise their seniority to displace the least senior employee within their classification in store nearest to store in which the displacement occurred in Area 2, who would then be laid off or reduced to part-time. (Should the employee not be able to exercise seniority in the nearest store in Area 2, that employee may displace the least senior employee within their classification in the division.)

Area 2: Should it become necessary to layoff or permanently reduce from full-time to part-time an employee in Area 2, the employee affected may displace the least senior employee within their classification within their store. The employee thus displaced may then exercise their seniority to displace the least senior employee within their classification on the following basis: (1) city, (2) county, (3) store nearest store in which the displacement occurred within Area 2, (4) the employee thus displaced may exercise their seniority to displace the least senior employee within their classification in which the displacement occurred in Area 2. (Should the employee not be able to exercise seniority in the nearest store in Area 2, the employee may displace the least senior employee within their classification in the division.)

Area 1 and Area 2: In case of permanent reductions due to store closings, Front-End, Grocery, Produce, Deli, Meat, Drug/GM, Bakery and Grandfathered Seafood Managers shall be given the option of displacing either the least senior employee within their classification or the least senior employee in their respective department classification as outlined above. (For this provision only, Assistant Department Manager positions and clerk positions will be classified together on the same seniority list. For Grandfathered Seafood Managers, Lead Seafood clerks and Seafood clerks, such positions will be classified together on the same seniority list.)

In case of permanent reductions due to store closings, Assistant Front-End, Assistant Grocery, Assistant Produce, Assistant Deli, Assistant Meat, and Assistant Drug/GM Managers, Lead Seafood, Lead File Maintenance, Lead Wine, Lead Fuel and Lead Starbucks shall be given the option of displacing either the least senior employee within their classification or the least senior employee in their respective department as outlined above. (Note: Once options are exhausted within the Fuel Department, employees will displace the least senior employee in the Front-End and Starbucks employees will displace the least senior employee in the Deli department. In addition, Lead File Maintenance and Lead Wine Stewards will displace the least senior employee in the department from which they originated once their options are exhausted. If such employees were hired directly into the position, then the Company and the Union will discuss.)

A full-time employee may choose the option as outlined above or elect to be reclassified to part-time within their store. Any employee who has the option to displace a full-time employee, but chooses to elect part-time will considered to be a voluntary reduction and shall have part-time seniority based upon employment date. Part-time employees will be laid off on the same basis as full-time employees.

Involuntarily reduced full-time employees will maintain their full-time seniority date and will have seniority over all part-time employees in their classification and may claim up to forty (40) straight time hours per week from their schedules.

Prior to the Employer implementing any layoff of employees, the Human Resources Manager or designee will meet with the President of the Union or designee for the purpose of explaining which employees will be affected and what options those employees may have under the contract. After that meeting, layoff notices and options available to employees will be reduced to writing and provided to the employees and the union.

It is understood by the parties that since the contract may provide certain choices as to new assignments (in Area 1 or Area 2) it is recognized that the entire process cannot be completed until all affected employees exercise their choices per the contract. The parties agree that period will not exceed one (1) week (or a longer period if mutually agreed upon by the parties) after written notices are given to the employee. During that period, the Union and the Employer will insure that the employees affected will indicate their preferences in a timely manner.

Mr. Steve Lomax President UFCW Local 1996 3302 McGinnis Ferry Rd. Suwanee, Ga. 30024

Dear Mr. Lomax

During contract negotiations between The Kroger Co. and UFCW Local 1996 relative to the agreement between the parties which is effective from May 15, 2005 through May 16, 2009 the parties agreed the following would be covered by letter:

- 1. The Union and the Employer can mutually agree upon the reinstatement of grandfathered lead positions if the need arises.
- 2. If an appointed Lead File Maintenance clerk, Bakery Manager, or Assistant Grocery Manager has a personal rate higher than the established rate for that position, they will receive the appropriate premium for that position in addition to their personal rate.
- 3. In the event of minimum wage changes, we will discuss the impact of the change, if any.
- 4. If the Employer leases out space in its stores or uses vendors to supply product to its stores, the Employer agrees that such operations shall not cause any employee represented by Local 1996 to be laid off or to lose hours.

5. Grandfathered Positions

The following positions are considered to be grandfathered positions and all references have been removed from the Collective Bargaining Agreement.

CAO clerks
Lead Night Stock Clerks, except in stores with a total sales volume excluding fuel of \$310,000 or above.
Cosmetician
Drug/GM Receiver
Lead Cheese
Chefs
Seafood Manager
Journeyman/Boxman

Employees in these grandfathered positions will continue to receive the rates of pay outlined in the bargaining agreement and/or premiums as long as the employee remains in the position.

- 6. In the event of a change in the hours of a major competitor or a new competitor opens in the market, the Union and the Employer will meet and discuss the Christmas Eve closing time. Any change in the current practice will be mutually agreed upon.
- 7. Effective 10/30/05, associates will be given credit for time spent in their current bracket for purposes of determining their next progression increase date.

<u>Meat</u>

- 1. If meat coats or meat aprons are removed from the Meat Department, the Employer will discuss suitable alternatives with the Union to ensure cleanliness and sanitation.
- 2. If any Meat, Deli/Bakery, or Seafood Department Employee hired prior to October 30, 2005, transfers to any other Department, it is understood that Seniority, Article 12.02 will apply.

3. An employee who is promoted to full-time will be reclassified to the full-time rate schedule as follows:

If there is a full-time rate the same as the employee's part-time rate, the employee would be reclassified to that rate and will continue to accumulate service necessary for adjustment to the next rate.

If there is no identical rate, the employee would be advanced to the next rate which gives the employee an increase and the employee would begin a new progression from that point.

- 4. Meat Chefs will be grandfathered. Chefs classified as Meat with a Job Date of February 7, 1999 or before will be grandfathered. A Meat Chef currently at the top rate on their scale will receive the same increases as a full-time top rated clerk.
- 5. There will be a Bakery Manager position in stores where the Deli and Bakery are located in separate parts of the store.
- 6. Seafood Managers as of September 11, 1993, are red-circled and will receive future increases in the amount equal to increases received by the Full-time top rate clerks.
- 7. Journeyman Meat Cutters and Cutting Room Journeyman (.175 premium) will be Grandfathered and their rate of pay "red circled". In the event a Meat Manager steps down or is demoted from their position, they will be placed in the classification from which they came prior to being assigned as Meat Manager. In the event of a layoff, reduction of hours, and store closing, seniority will apply. (For these purposes, seniority will be defined to provide Grandfathered Journeyman and Meat Clerks to be in the same classification.) If a Journeyman Meat Cutter is laid off and recalled at a later date, he will be returned to the rate of pay he was at prior to being laid off.
- 8. Any employee in the meat department can operate the meat power saw. Meat Clerks (hired prior to 6/28/91) who do not want to operate the meat power saw because of safety and health concerns, will not be required to operate the meat power saw. Training will be provided to meat clerks regarding the operation of the meat power saw.

Drug/GM

All Employees hired prior to October 30, 2005 will have their night stocking premium included in the calculation of their vacation and holiday pay, provided they are a member of a regular night stocking crew.

<u>Perry Store only</u>: All eligible Front-End, Produce, Grocery, and Deli employees of the Perry, Georgia, store were able to qualify under the (United Food and Commercial Workers Union and Employers Pension Fund, the Atlanta Fund) commencing November 1,1995 and for Meat and Seafood employees from January 1,1998 until May 6, 2001. Effective May 6, 2001, Meat, Deli, and Seafood employees became eligible to qualify under the UFCW International Union Industry Pension Fund.

Appendix 1 Reclass

1. Area 1

Effective February 21, 2010, New Schedule "B" is in effect for all stores covered under this agreement. Beginning January 30, 2011 and each fiscal year thereafter through the life of this contract: Front-End, Grocery, Produce, Deli, Meat, and Drug/GM Managers, as well as Lead File Maintenance, Bakery Managers, Assistant Grocery Managers, and Grandfathered Seafood Managers will be classified based on average sales minus fuel sales for the prior full thirteen (13) Kroger periods. - G. It is understood that this letter of understanding applies to Fresh Fare Store 259, and that all other language under the collective bargaining agreement, unless specifically noted above, will continue to be in effect through the term of the contract.

Appendix 3 UFCW AND EMPLOYERS PENSION FUND (the "Plan") Trustees' Understanding December 30, 2009

It is understood that any actions required to be taken by The Kroger Co. ("Kroger") and the United Food and Commercial Workers Union ("UFCW") Local 1996 as bargaining parties will apply to all collective bargaining agreements between Kroger and the UFCW which require that contributions be made by Kroger into the Fund.

It is further understood that actions described below will be conditioned on the fact that the Plan is certified by the plan actuary to be in Critical Status for the 2010 Plan Year and that the plan actuary shall make his certification as soon as possible in 2010.

- 1. The Social Security Level Income Option will cease to be available for all retirement's effective as soon as possible following actuarial certification of PPA '06 status in 2010.
- 2. As soon as possible following actuarial certification in PPA '06 status in 2010, all adjustable benefits for inactive participants will be eliminated.
- 3. All future accruals shall be based on a Normal Retirement Age of 65 whether or not retirement is directly from active service in covered employment. Pensions commencing prior to Normal Retirement Age shall be actuarially reduced.
- 4. All subsidies for retirements prior to age 65 shall be preserved as to accrue benefits as of December 31, 2012 on a "wear away" basis. In other words, participants retiring on and after January 1, 2013 shall have their pensions calculated as the greater of (a) the pension accrued as of December 31, 2012 paid in accordance with the terms of the Plan as then in effect and (b) the pension accrued as of the termination of employment reduced, if applicable, for retirement prior to age 65 on an actuarial equivalent basis.
- 5. All actuarial increases for late retirement shall be eliminated to the extent possible as determined by fund counsel.
- 6. With respect to service earned after January 1, 2010, the following benefit rates shall apply:
 - a. Participants hired prior to July 1, 2004: \$40.00
 - b. Participants hired after July 1, 2004 but before January 1, 2010: \$30.00
 - c. Participants hired on or after January 1, 2010; \$16.00

- 8. Kroger and the UFCW will agree to open the pension article of all participating Kroger Collective Bargaining Agreements in the Plan for the sole purpose of increasing the employer contribution rates with respect to covered employment on or after the effective dates shown below:

Effective Date	Increase Per Hour
First Month after 2010 Actuarial Certification	15¢
January 1, 2011	15¢
January 1, 2012	15¢
January 1, 2013 (If a 4-year contract is negotiated in Atlanta)	15¢

- 9. Appropriate actions shall be taken so that the surcharges on employer contributions, if any, required by IRC Section 432 will be "netted out" of the contribution increases specified in Item 8 above.
- 10. The Board of Trustees hereby directs the plan actuary to apply for a ten year amortization extension under IRC Section 431(d) for all charge bases in existence for the 2009 Plan Year.
- 11. The Board of Trustees will continue to explore alternative means of improving the Plan's funding status such as single sum contributions and transfers of unfunded liability out of the Plan in lieu of some or all of any remaining contribution increases specified in Item 8 above, or Item 12 below, on an actuarially equivalent basis as defined below. Any action taken will apply to all collective bargaining agreements between Kroger and the UFCW which require that contributions be made by Kroger into the Fund.
- 12. In the event the above actions, reflecting annual 2009 investment returns and legislative relief enacted on or before November 25, 2010, are not sufficient to enable the Plan to emerge from Critical Status by the end of the Rehabilitation Period, then further adjustments will be reflected in the Preferred Schedule of the Rehabilitation Plan in accordance with the following:
 - a. If there are optional provisions in such legislative relief, the Board of Trustees will elect those options which would minimize any required contribution increases described in Item 8.
 - Contribution increases benefit accrual rates, or both, as agreed upon by the Board of Trustees, will be changed to satisfy the requirements of a valid schedule for the Preferred Schedule of the Rehabilitation Plan.

As a further clarification of the proposal, the Trustees agreed that an actuarial certification should be made by January 4 or 5, 2010 and that the notice should be mailed on February 2, 2010 in order that participants retiring with an effective date of February 1, 2010 can retire with and receive a level income option if they should so elect.

Letter of Understanding

- In any new store where a majority of the workforce has transferred from the bargaining unit covered by this
 Agreement, Kroger will recognize Local 1996 and the appropriate Agreement will apply to the new store's
 workforce.
- 2. In any other store where some of the work force, but less than a majority, has transferred and/or been assigned from the bargaining unit covered by this Agreement, Local 1996 shall have "access" to the new store. "Access" means that Local 1996 representatives may enter the store and meet with employees about membership in the union, but employees are not to be solicited in such ways as to interfere with their work. Local 1996 representatives may also meet with non-working employees in non-sales floor areas. Upon presentation to Kroger of proof that Local 1996 represents an uncoerced majority of the employees in the new store, Kroger will recognize Local 1996 as the bargaining representative and the appropriate agreement will apply to the new store's workforce.
- 3. The Atlanta Division has no current plans to open new stores within the jurisdiction of Local 1996 without transferring and/or assigning some employees from existing Kroger stores. In the event Kroger were to do so during the term of the Atlanta Front-End/Grocery/ Produce/Deli/Meat/Seafood/Drug/GM Agreement, Kroger agrees to notify Local 1996 in advance of such opening and, should Local 1996 request, representatives of the Atlanta Division and Local 1996 will discuss "access" terms for any such stores. If the parties are unable to reach an agreement regarding access, or if the Atlanta Division declines to provide access, Local 1996 may file a grievance and seek the ruling of an expedited arbitration pursuant to Article 5 of this Agreement. Upon presentation to Kroger of proof that Local 1996 represents an uncoerced majority of the employees in the new store, Kroger will recognize Local 1996 as the bargaining representative and the appropriate agreement will apply to the new store's workforce.
- 4. The Atlanta Division (and its managers) and UFCW Local 1996 (and its agents) in stores covered by this agreement, agree to treat each other with mutual business respect. When the agents of Local 1996 are in the store they will respect the Company's need to service customers, and the Company will respect the needs of the agents to service their members. Neither party will engage in negative discussion about each other, and Kroger will not tell employees it opposes or supports the union. Kroger and its managers will not coerce and will not interfere with the rights of its employees to choose to join a union or to sign union authorization cards. Local 1996 and its agents will not coerce and will not interfere with the rights of Kroger employees to choose not to join a union.
- 5. Company agrees to administer the uniform policy in a consistent manner for all associates across all stores and will provide the designated uniforms for the appropriate job classification.
- 6. The Company agrees to meet with the Union twice a year to discuss any current outstanding labor issues and update each party about current trends. The number of meetings per year may be increased or decreased by mutual agreement. This meeting will include Union Officials, including Union members and Company Officials including District Managers and District Operations Coordinators These meetings are in addition to the current Labor/Management meetings. The Company agrees to pay the expenses associated with these meetings.
