This is to inform you that on March 31, 2010 the Plan actuary certified to the U.S. Department of the Treasury, and also to the plan sponsor, that the Plan is in Endangered status for the plan year beginning January 1, 2010. Federal law requires that you receive this notice.

Endangered Status

A plan is in endangered status if it fails to meet certain specified benchmarks added by the Pension Protection Act (PPA) designed to identify plans that could develop funding problems in the future and require the parties to take action now to prevent that from occurring. A plan is in endangered status if the ratio of assets to liabilities (funded ratio) is less than 80% in the current plan year or if it has a projected funding deficiency over the next 7 plan years. The Fund is currently 61.4% funded.

Funding Improvement Plan

A Funding Improvement Plan was adopted in November 2008. The Funding Improvement Period began January 1, 2010 and will end December 31, 2019. The Funding Improvement Plan from 2008 has been updated in 2009 to address the Plan's future funding needs. Scheduled progress will be measured annually in order to comply with PPA.
