Notice of Endangered Status for the Bert Bell/Pete Rozelle NFL Player Retirement Plan (the "Retirement Plan")

This is to inform you that on June 23, 2011, the actuary for the Retirement Plan certified to the U.S. Department of the Treasury, and also to the plan sponsor, that the Retirement Plan is in endangered status for the Plan Year beginning April 1, 2011 (the "2011 Plan Year"). Federal law requires that you receive this notice.

Endangered Status

The Retirement Plan is considered to be in endangered status because the plan actuary determined that the Retirement Plan's funded percentage is less than 80% for the 2011 Plan Year. Plans that are less than 80% funded are considered to be in endangered status under federal law and must provide this additional notice.

Funding Improvement Plan

Federal law requires plans in endangered status to adopt a funding improvement plan aimed at restoring the financial health of the plan. The Retirement Plan's board of trustees (the "Retirement Board") adopted a funding improvement plan on February 23, 2011. The Retirement Plan is making the scheduled progress in meeting the requirements of the funding improvement plan.
