Comment On: EBSA-2010-0050-3491

Definition of Term Fiduciary; Conflict of Interest Rule-Retirement Investment

Document: EBSA-2010-0050-DRAFT-8788

Comment on FR Doc # 2017-04096

Submitter Information

Name: John Franzen

General Comment

This may sound "UnAmerican," but less conflict of interest, e.g. greed when giving professional lifetime investment for retirement advice, might actually benefit the American working class!

There is no need to delay the Fiduciary Rule, unless of course, you're a financial huckster type who might lose out on some ill-gotten extra profits by not giving investment advice to enrich himself at the expense of his client.
