General Comment

There is no rational explanation for restricting the trading of options in IRA accounts. This rule is an unconscionable intrusion on one more individual personal liberty constructed to restrict personal freedom and empower the bureaucracy. I have taken the time to learn proper options trading and have learned to use it as a tool to grow my [our] retirement account. Carefully used some option trades can be used to reduce risk. Please stop putting you foot on my throat to "protect me from myself".

Do not pass this insane rule.
