General Comment

I've taken the time to learn proper options trading and it has grown my retirement account. Many option trades actually reduce risk, rather than increase it. Although the rule is supposed to reduce fees and conflicts of interest between brokers and investors which is a good thing, restricting my ability to use my IRA to trade options will actually increase my risk to grow my retirement dollars. RIN 1220- AB32 as written is a BAD regulation. I urge to not pass this regulation.
