Comment on FR Doc # 2015-08831

Submitter Information

Name: Dennis Anonymous

General Comment

I should be able to invest my own money as I see fit. Once again, the government is trying to fix a problem with a blanket regulation. I have been trading options for years, and should be allowed to do so in a retirement account. Many investors actually use options to DECREASE their risk, and/or generate income, such as with covered calls. Please do not handicap investors when our choices are already so limited. Thank You.
