General Comment

This potential rule change, given its wording, will actually make trying to grow a retirement account harder and increase risk rather than reduce it. I've taken the time to learn proper options trading techniques and know, through experience, some option trades reduce risk. Using these methods I have grown my retirement account faster and safer. The spirit of the ruling is certainly appreciated, but as usual the 'devil is in the details', and your fix will do more harm than good. Please re-consider this idea. Thank you
