General Comment

I have taken the time and energy to learn how to use options for trading in my IRA account. This has become a source of regular retirement income for me and also is used to protect some of my equity investments. Therefore, I am opposed to any legislation that would prevent options trading in IRA accounts or any other accounts for that matter. I would consider the passage of this legislation to be another loss of freedom effected by our Government.

Thank you for the opportunity to provide my input on this matter.
