## General Comment

DOL, Investors should retain the freedom to choose how and what they want to invest in utilizing their retirement accounts. What I am envisioning here is big government that can't curtail their spending on social programs, trying to squeeze more money out of the taxpayers. The conduct of this administration is absolutely a travesty and the worst I have witnessed in my lifetime when it comes to the middle-class taxpayers of this nation. I'm sure the illegal immigrants don't mind this passing at all. Please do not diminish our freedom to choose investment vehicles that we personally deem fit.
