General Comment

Please identify all of the people who will be impacted by this rule making. Prohibiting the use of certain forms of income generation, i.e., selling covered calls, by individuals in their Individual Retirement Accounts will harm many who are still trying to produce sufficient income to survive in retirement. Although the intent is to protect us, such rule making causes more harm than good. I hope you will reconsider this change before you strip seniors of one more way to generate retirement income.

Thank you.

James Pick
