General Comment

Why does the American government feel that it needs to babysit its citizens with rules and regulations that take away our freedom to regulate ourselves. I have an IRA that I trade options in. Your new rule would simply take money out of my pocket that is desperately needed due to the fact that Social Security disability only pays me \$1,186 a month. Can you live on that? Leave well enough alone and American will prove that they can decide what is best for them and what is best for me. What government crony wrote this damn rule change?? Leave the American people alone government. When we need your help we will ask for it.
