Document: EBSA-2010-0050-DRAFT-7905

Comment on FR Doc # 2015-08831

Submitter Information

Name: David Eggenberger

General Comment

There should be no restrictions on the type of investment vehicles used in any IRA account. If the account owners choose to invest in options they should be allowed to do so. The government does not need to save us from ourselves. We had the foresight and intelligence to save for our futures, so we should be able to determine how that money is invested. The last thing we need is more regulation.
