

United States Department of Labor Employee Benefits Security Administration Mental Health Parity Workshop

Operating a group health plan can be challenging, especially for small and medium sized employers with limited time, resources and/or access to professional assistance. To increase awareness and understanding about the Mental Health Parity Addiction Equity Act (MHPAEA), the Boston Regional Office is presenting this workshop.

The webinar will help employers, service providers, and benefit professionals understand how the provisions of MHPAEA apply to employer-sponsored group health plans and provide information on how to avoid common problems.
