

United States Department of Labor Employee Benefits Security Administration Mental Health Parity Workshop

The Department of Labor is holding this workshop to help you comply with federal laws regarding your health plan and answer your questions about new laws and issues. We recognize that understanding and complying with DOL regulations can be challenging especially for small and medium sized employers with limited time, resources, and/or access to professional assistance. This workshop will provide practical information, helpful tips and clarification regarding the Mental Health Parity and Addition Equity Act (MHPAEA).

This workshop will help employers, service providers, and benefit professionals understand how the provisions of MHPAEA apply to employer-sponsored group health plans and provide information on how to avoid common problems.
