## Bois Forte Band of Chippewa

*Tribal Areas Statewide*

Grant Number: DW-39205-22-60-A-27

### Project Overview

Employment training and education will help improve participant skills, resulting in high-quality employment opportunities. Employment activities may include college coursework or vocational education that may consist of general studies or a degree in their field of employment, such as a CNA, Executive Office Assistant, carpentry, furnace and boiler repairs, plumbing, or carpentry.

### Project Description

The proposed strategic partnership activities will include expanding existing partnerships with tribal Career Development and 477 programs to identify industry needs, participant outreach, training, and community resources. Community and potential participant outreach activities will include information booths at the Tribes State of the Band Address and other program conferences, outreach messages delivered via the local radio station, tribal website, and tribal newspapers to reach all service areas to engage eligible targeted individuals. Business engagement activities include developing vocational training and work-based learning to meet employer needs for qualified applicants.

### Project Industries

Infrastructure, Care Economy
