Local Workforce Development Boards

Statewide

Grant Number: 23A60DW000013

Project Overview

The 2023 QUEST Disaster Recovery DWG project will provide employment and training services to underserved and historically marginalized individuals and communities/groups. The project will also provide business services and disaster relief employment.

Project Description

The project will consist of strategic partnership activities with industry, economic development, and community-based partners. Community and potential participant outreach activities will be conducted by existing workforce development, training and education, and non-profit community service providers to increase outreach to marginalized populations. Business engagement activities will leverage the eleven, Next Gen Industry Sector Partnerships in the focus industries and relationships with economic development authorities and local chambers to reach diverse businesses and offer business and technical consulting to reduce hiring costs and retain existing employees via career pathway development.

Project Industries

Infrastructure, Care Economy, Climate and Environment, Hospitality, Other Growth Industries including general and advanced manufacturing, information and communication technologies, transportation and logistics, clean technologies, business and financial services, and creative industries.
