

# Quality Jobs, Equity, Strategy, and Training (QUEST) Disaster Recovery Dislocated Worker Grant(DWG)

## New York

## Department of Labor

### Onondaga county

Grant Number: 23A60DW000018

### Project Overview

The 2023 QUEST Disaster Recovery DWG project will provide employment and training services to underserved and historically marginalized individuals and communities/groups. The project will also provide services to individuals who previously would have been eligible to the terminated Trade Adjustment Assistance program.

QUEST TEGL 02-22 Ch. 2

### Project Description

The project will provide strategic partnership activities at the state and local levels, employing successful models such as WorkSmart NY Syracuse Build Collaborative, which will ensure effective project coordination, service delivery, and successful project outcomes. The project will also develop new business engagement strategies and activities, to expand the talent pipeline and align regional business industry needs with workforce initiatives in the infrastructure and care-related economies. Business engagement services will support employers' recruitment, training, and retention efforts by marketing and matching jobs to local workers and providing human resources consultation on developing good jobs and flexible career pathways that are responsive to workers' needs.
