Updates
WIPS January 31, 2018 Production Release

Grantee Users

What's New:	

File Upload Enhancements	• Schema Name
	   ○ Target Programs
	     ▪ If you select a multi-program schema, listed below, then you will be required to select the Target Program(s). The Target Program(s) will determine which Duplicate Rules and Logical Rules will be applied to the uploaded file. The Target Program(s) will also determine which Performance Reports will be generated.
	       ▪ Multi-Program Schemas are
	         ▪ Full PIRL
	         ▪ WIASPR
	         ▪ WIOA_WP_DWG
	         ▪ WIOA_WP
	     ▪ If you select a single program schema, such as H-1B, then the Target Program will be the same as the single program schema
	     ▪ H-1B schema has been revised from 109 data elements to 84
	     ▪ H-1B Quarterly Performance Reports can no longer be generated using the Full PIRL schema
	   ○ Choose a File
	     ▪ Compressed files may now be uploaded in GNU Gzip format, but must have ".gz" extension

Edit Check Enhancements	• Target Programs ○ Duplicate and Logical Rule edit checks are now run based on the following criteria (Note that Valid Value

rules run on each element in the file regardless of the criteria selected)
- Target Program(s) selection
- Affected Program(s) for the rule
- Program Flags in uploaded file
  - Selected Target Program(s) are shown after the Schema in the following pages
    - Edit Check Results Overview
    - Selected File Detail/Edit Check Error Summary
    - Selected File Detail/Edit Check Error Details
    - Selected File Detail/ Edit Check Duplicate Summary
    - Selected File Detail/ Edit Check Duplicate Details
- New Logical Rules Implemented (see Edit Check Updates table)
- The following Logical Rules have been created or updated

  - Rule for 938, H-1B
  - Error message for 2003, DWG Grant Number
- H-1B Specific Edit Checks
  - Logical Rules
    - H-1B removed as an affected program from 26 existing Logical Rules
    - H-1B removed as an affected program from nine existing mandatory Logical Rules

	- Implemented new Logical Rules that include H-1B as an affected program - Implemented new H-1B specific Logical Rules, including four new mandatory Logical Rules - Duplicate Rules - H-1B program removed as an affected program for the four previously implemented Duplicate Rules - Implemented five new H-1B specific Duplicate Rules
My Reports Enhancements	- H-1B Quarterly Performance Report - H-1B QPR uses program-specific report template - Email is sent when the H-1B QPR is generated - Reporting Period Covered - Reporting Period Covered dates are now updated based on the selected Time Period for the following reports - Quarterly Performance Report - Local Area Report - DWG Supplemental - H-1B Quarterly Performance Report - Report Comments - Report Comments have been increased from 1000 to 1500 characters on all performance reports - Report Comments are required for all TAA program Quarterly Performance Reports - Report Comments are now included on print versions on all of the following reports: - Quarterly Performance Report and - Local Area Report - DWG Supplemental - Annual Performance Reports - Statewide Performance Report - Measurable Skill Gains - Effectiveness in Serving Employers - Note that there is an issue with the text wrapping in the Adobe PDF in the Report Comments. The recommended approach is to print the report from the browser.

U.S. DOL Program Users

What's New:	
Program Dashboard Enhancements	- Program Dashboard rebuilt to be similar design as the State Status Dashboard - Region and State columns moved to be the first two columns on the left side

	• Date selections are dynamically updated for
	     ○ Quarter End Date
	     ○ Program Year
	• Added new Upload By Date filter
	• Program User may return to previous filtered results using the Back link at the top left on a viewed report
	• Stored Filters
	     ○ Filter settings may be stored for each Program User
	          ▪ Add allows you to store the current filter selections and assign a filter name
	          ▪ Edit allows you to change a stored filter name and/or filter settings
	          ▪ Clear Filter returns Program Dashboard to default settings
	• Search by user name or email address is not available in the new design

State Status Dashboard Enhancements	• Program User may return to previous filtered results using the Back link at the top left on a viewed report
	• Stored Filters
	     ○ Filter settings may be stored for each Program User
	          ▪ Add allows you to store the current filter selections and assign a filter name
	          ▪ Edit allows you to change a stored filter name and/or filter settings
	          ▪ Clear Filter returns State Status Dashboard to default settings

Data Export Enhancements	• Data element 100, Unique Individual Identifier (WIOA), has been scrambled for privacy
	• The data from the following elements will not be included in the data exports
	     ○ 2704, User Field 1
	     ○ 2704, User Field 2
